Political Battle Faces De Gaulle In French Vote

PARIS (AP) — France today headed into a national election battle between President Charles de Gaulle and his political opposition on the issues of executive leadership and parliamentary government.

This was the result of the National Assembly's adoption of a motion censuring Premier Georges Pompidou for De Gaulle's proposed constitutional amendment to have future presidents elected by a popular vote.

The censure motion mustered 280 votes, well above the required absolute majority of 241. Its passage forces Pompidou to resign. Although De Gaulle could appoint another premier, aides said he would dissolve the National Assembly and call national elections.

The coming battle will be fought over the issue of a strong presidency, backed by periodic referendums and plebiscites, versus government by Parliament.

De Gaulle is banking on his own great personal popularity and the stability he has brought France's government. His opposition is raising the specter of Louis Napoleon and the 19-year dictatorship he established as Emperor Napoleon III.

The president fired the opening gun in his campaign Thursday, threatening to quit unless the French people approve his direct-

Session To Be Held At Cincinnati For New 2-Year Pact

Labor and management spokesmen will meet Oct. 30 at Cincinnati to open negotiations on a new contract in the dinnerware industry, replacing a two-year working agreement that runs out Nov. 30.

The U.S. Pottery Association and the International Brotherhood of Operative Potters will work out a pact covering employees in five plants in the immediate East Liverpool area and four in other parts of Ohio and Pennsylvania.

The conference date and site were announced today in the Pottery Herald, the official union newspaper. It said the time and place were agreed upon jointly by the USPA and the IBOP.

The union already has announced it will seek "a substantial wage increase" and improved health and welfare benefits for its members in the generalware branch affected by the contract with the USPA.

The announcement was made Sept. 21, based on recommendations approved by the union's generalware wage policy committee in a three-day session the preceding week at Cincinnati.

The IBOP-USPA conference will be held at the Terrace Hilton Hotel. The union's delegation will make its headquarters in the Netherlands-Hilton Hotel.

The Brotherhood would be represented by elected conferees and its Executive Board, comprised of the international officers. The conference team will meet Oct. 29 at the Cincinnati hotel. Local unions have been notified hotel reservations for their representatives.

3,300 Make Payment On City Income Taxes

Approximately 3,300 to 3,400 individuals make quarterly payments on their city income taxes by the deadline Wednesday midnight, but about 400-500 still are due, Tax Commissioner D. G. Wilkinson said today.

The deadline for the payments originally was Sunday, but it was extended three days because a payday fell Tuesday at the Midland Works of the Crucible Steel Co., where many local residents are employed. Individual returns and payments are required from 3,388 persons whose income is not subject to withholding at the source.

Delinquent notices will be mailed Monday or Tuesday to persons who still have not made the payments, Wilkinson said. Paydays fall late this week for many persons, who may make tax payments before the first of the week, he explained.

3 Hurdles Being Faced By Congress

Aid, Farm, Pension Bills Barring Path To Adjournment

WASHINGTON (AP) — The adjournment-bound 87th Congress jogged within sight of the finish line today and found three hurdles still to be cleared.

Leaders still saw a strong possibility of finishing by Saturday night. Others were less optimistic and figured the 1962 session would drag over until next week.

The three controversies in the way of adjournment are:

1. Foreign aid appropriations, a perennial subject of sharp differences between House and Senate.
2. The Agriculture Department money bill, on which a bitter row raged over funds to build new research facilities and over a peanut marketing research facility proposed for Dawson, Ga.
3. The long-debated bill to permit self-employed persons to set up tax-deductible pension funds. It has passed both branches but President Kennedy has given no word as to whether he will sign it. Backers could attempt to make it veto-proof by attaching it to supplemental appropriations bill or to try to override a presidential veto if Kennedy rejects the measure.

Cincinnati Awaits Talk By Kennedy

President Continues Political Tour In Four Key States

WASHINGTON (AP)—John F. Kennedy turns today from grave and nagging chores to a presidential role he obviously enjoys: a weekend of openly politicking in four key states as head of the Democratic party.

Although he canceled all appointments Thursday and nursed a cold, Kennedy isn't expected to be hampered too much in his first major outright political tour since the 1960 campaign.

Certainly his program would tax a well-managed eight speeches in less than 48 hours, a helter-skelter dash by plane, helicopter and limousine into Kentucky, Ohio, Michigan and Minnesota.

Kennedy's schedule called for a midafternoon departure for Covington, Ky.

Before he beds down for the night, he will have made three speeches, at Covington, at Cincinnati's Fountain Square and at the Metropolitan Airport in Detroit.

Saturday he moves on to Flint and Muskegon, Mich., before flying to Minnesota, winding up with a statewide night telecast at a bean feed in Minneapolis. He returns home Sunday after a noon speech in St. Cloud, Minn.

Kennedy's choice of these particular states is no accident.

Each was fought over bitterly during the 1960 presidential campaign. In the end Kennedy was lucky to come out with a 2-2 tie.

Despite Precise Flight

Schirra Thinks He May Have Made Goof On Fuel

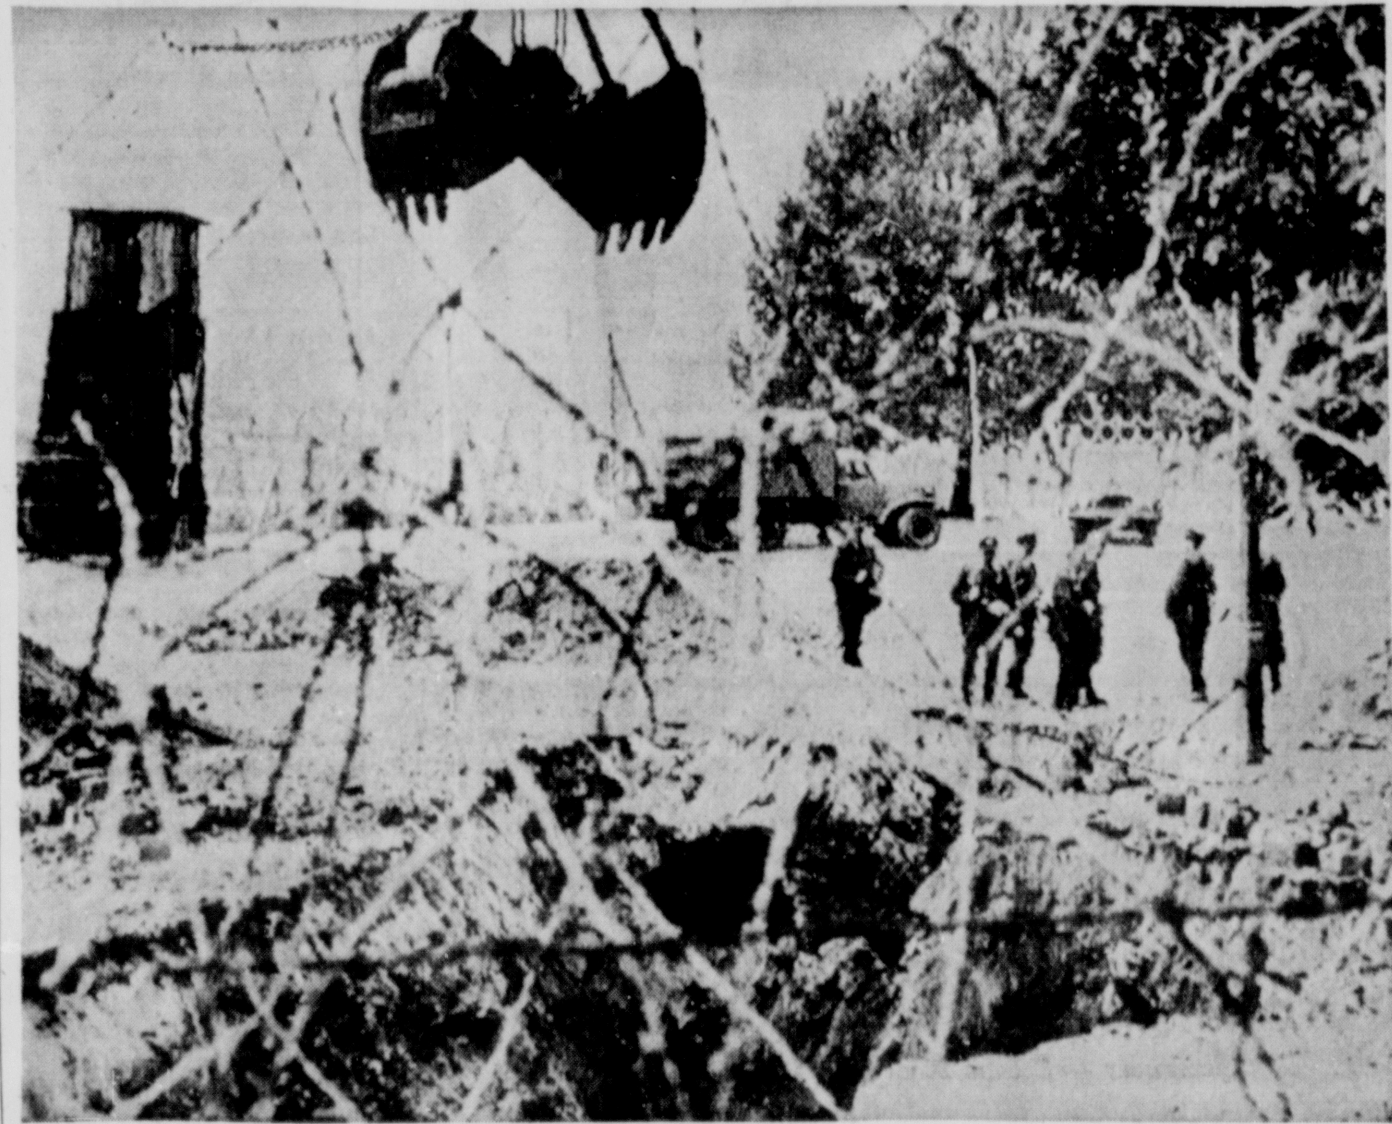

ABOARD USS Kearsarge in Pacific (AP)—Astronaut Walter M. Schirra Jr., who flew his Sigma 7 spacecraft so precisely he landed almost dead center on target, feels he made one goof.

A space agency spokesman reported Thursday night that the Navy commander, for an unspecified period, used two systems to control his craft's attitude in space. There was a consequent double usage of vital fuel—which he in contrast was trying to conserve.

However, when the time came to start down at the end of the sixth orbit, Schirra was quoted as saying his instruments showed he still had 78 per cent of his attitude control fuel left.

That presumably prompted him earlier to say his sensationally precise six-orbit flight on Wednesday was "a definite step forward in terms of scientific accomplishment."

'Stuck' Signal Blamed After 2 Cars Crash

Woman Passenger Injured Slightly In West End Mishap

A 66-year-old woman passenger was hurt slightly in a two-car crash Thursday night at 9-17 at W. 8th and Lisbon Sts. that both drivers and a witness blamed on faulty operation of a traffic signal.

Mrs. Mollie Jaynes, 414 Burrows Ave., was treated at City Hospital after the crash that involved the car in which she was riding, driven by William R. Thomas, 23, of Stratton, and a 1961 model compact operated by Helen Rose Blackburn, 28, of 162 Center St., police said.

Mrs. Jaynes, taken to the hospital in a police cruiser, was released after treatment for scattered glass fragments in the bridge of the nose and the forehead and contusions of the chest.

Police said Thomas was driving west on W. 8th St. and the woman was proceeding south on Lisbon and turning east onto W. 8th. Thomas said the light was in his favor, so he proceeded through the intersection. The woman driver also claimed the light was in her favor, police said. She said as she entered the intersection, her car was "hit very hard on the left side."

A witness, Herbert Maze, 1706 Commerce St., Wellsville, told police the traffic signal at the intersection was "stuck." The crash damaged the left front of Thomas' 1957 sedan and the left side of the Blackburn auto, police said.

A St. Clair Township man was charged with driving while under the influence of alcohol as an aftermath of another crash Thursday at 8:45 p. m. in the 1000 block of St. Clair Ave., police said.

Charles A. Trautman, 50, of Substation, driving north in a 1956 four-door sedan, hit the rear of a parked 1961 four-door sedan.

Conditions 'Fairly Tense'

Restless Peace Grips Ole Miss

OXFORD, Miss. (AP)—A restless peace hung over the University of Mississippi today. At the end of a week that started with bloodshed, federal government officials described conditions as "fairly tense."

James H. Meredith, the 29-year-old Negro in the center of the crisis, was due for another day in force of 450 marshals would be reduced by 75 per cent within the next week.

The halls of the Mississippi Legislature echoed with criticism of the Kennedy administration. Rep. Russell Davis joked that U.S. Atty. Gen. Robert F. Kennedy would referee the Ole Miss-Houston game and House Speaker Walter Sillers observed that if he did Ole Miss was "beaten before it starts."

The Justice Department disclosed a total of 166 marshals, including specially deputized border patrolmen and Bureau of Prison personnel, were wounded during last Sunday's riots. It said eight deputy marshals were hurt before tear gas was used against demonstrators.

And 300 miles away in Springfield, Mo. Edwin A. Walker, former Army major general, who led some students in the rioting, got a court ruling that could lead to his release from a federal prison.

The moving of the football game and its accompanying celebrations, the Defense Department said, was "on the basis of information which indicated it would be unwise for the game to go ahead at Oxford."

Soviet Says U.S. Naval Attache Spy, Ordered Out

MOSCOW (AP) — The Soviet government today accused Cmdr. Raymond D. Smith, the assistant U.S. naval attache at the embassy here, of espionage. He was ordered to leave the country immediately.

It was assumed that Smith's expulsion was ordered in retaliation for the expulsion from the United States this week of two members of the Soviet delegation to the United Nations accused of buying defense secrets from a U.S. sailor.

The Soviet Foreign Ministry ordered Smith's expulsion in a note handed to U.S. Consul James R. McSweeney this morning.

The Soviet note said Smith had "carried out espionage through observation of military objects."

Company, Union Told Submit Final Plan At Pittsburgh

In an effort to end a strike now in its sixth month, representatives of the Koppers Co. and Local 8-47 of the Oil, Chemical and Atomic Workers Union at the Kobuta plant have been instructed to present "rock bottom" proposals for a settlement at a meeting next week in Pittsburgh.

Robert M. Donahoo, regional director of the Federal Mediation Service, issued the order as negotiations recessed Thursday in Philadelphia.

He told the two groups to present the formal, written proposals to a special panel which had reported "most regrettably" that no progress in negotiations had been made.

Donahoo told the two parties, "After the panel studies your individual presentations and has had a chance to digest the information, it will decide whether to call for further negotiations or to take whatever action seems appropriate no matter how drastic."

Some 615 employees have been on strike at the Kobuta plant since May 1. The mediation service has conducted more than 45 negotiating sessions.

U.S. Seeks To Cripple Soviet Help

Penalties Planned For Russian Ships, Others In Buildup

WASHINGTON (AP) — Having ruled out direct military action to smash the growing Communist base in Cuba, President Kennedy has embarked on a strategy of active economic warfare against the Castro regime.

His long-range aim is to make Soviet aid to Cuba as costly and unprofitable as possible.

His self-styled Marxist-Leninist government of the Caribbean nation down in collapse.

To achieve his short-range purpose the President needs not only to raise the cost of Soviet shipping to Cuba but also to deny Soviet Premier Khrushchev any new Communist successes in the Western Hemisphere.

To attain the ultimate destruction of Cuban Prime Minister Fidel Castro by economic and political means, if that is possible, the President needs far greater support and cooperation from U.S. allies all over the world than he so far has been able to muster.

His policy, so far as it goes, seems likely to command considerable domestic support, which is inevitably a source of concern in this congressional election year. It falls far short of the expressed desires of those critics in Congress and elsewhere who in recent weeks have called for much more drastic action, including possible naval blockade.

Two developments this week give the broad outlines of Kennedy's limited action program.

In a meeting with 19 Latin-American foreign ministers at the State Department, Secretary of State Dean Rusk sought and won unanimous agreement on two major points.

One was that this country's allies in the Western Hemisphere must do more than they have done so far to protect their lands and their political systems against subversion with arms, agents and money exported from Cuba.

The other point was that the Latin Americans should take whatever measures are available to them to cut off their remaining trade with Cuba and deny Castro the benefit of Western Hemisphere imports and exports.

In the second development, administration officials disclosed to Congress, to the Latin-American foreign ministers and to the NATO allies that the United States has

Daisy Grows To 100 MPH, Heads North

MIAMI, Fla. (AP)—Hurricane Daisy grew overnight, increasing center winds to 100 miles per hour, but on a course to the north.

The U.S. Weather Bureau located Daisy approximately 600 statute miles east of Miami, at 8 a.m. Daisy's speed and course were clocked at 8 miles per hour to the northwest.

The erratic tropical storm, which waxed and waned for several days before settling into a full-blown hurricane, swung from a westward to a northward course over the past two days.

Forecasters predicted continued slow forward movement, a gradual turn to the north and continued gradual increase in swirling wind speed.

Daisy's gales reached out 300 miles to the east and north and 100 miles to the southwest.

Seas were rough throughout the Bahamas Islands. Small craft were warned against venturing too far from port. The South Atlantic coast was advised to keep a weather eye on Daisy.

U.S. Jobless Hits Lowest In Two Years

WASHINGTON (AP) — Total U.S. unemployment last month was the lowest in two years.

But the rate of joblessness remained at the high August level of 5.8 per cent and total employment declined.

These and other job figures reported Thursday by the Labor Department presented an alternately rosy and dour picture.

On the plus side:

The 3,512,000 unemployed in September were 420,000 fewer than the number out of work in August. The September figure was the smallest since September 1960, just before the last recession.

The number of job holders, 68,668,000, topped any previous September.

The ranks of the hard-core unemployed—those without jobs for six months or longer—thinned by 100,000. Their number, a little below 500,000, was the lowest in two years.

On the gloomy side:

The flow of an unusually large number of housewives and out-of-school teen-agers to the job market kept the unemployment rate up. Thus the jump from 5.3 per cent in July to 5.8 per cent in August was not so temporary as department officials had expected.

The drop of 1.1 million from August in the number of Americans at work was about one-third larger than usual.

11 Democrats, 3 GOP Sure W. Va. House Seats

CHARLESTON (AP) — No matter what the voting trend in the Nov. 6 election, 11 Democrats and three Republicans are sure of winning seats in the 100-member West Virginia House of Delegates.

This is because there are no Republican nominees for 11 seats and no Democratic nominees for three.

A compilation by House Clerk C. A. Blankenship showed there are no Republican nominees for the House in Braxton, Hampshire, Hardy, Jefferson, Pendleton, Summers, Webster and Wetzel counties, which have one delegate each.

Also, there are GOP nominees for only four of the five McDowell seats and for only two of the four Raleigh seats.

On the Democratic side, there are no nominees in Grant, Ritchie and Tyler, which have one delegate apiece.

In 13 other instances where one party or the other did not nominate House candidates in the May primary, the ballot vacancies have been filled by party executive committees in the counties.

Nominated in this way on the Republican ticket were Lloyd Banks of Seth, Boone County; James Matheny of Troy, Gilmer; Joe D. Williams of Clarksburg, Harrison; Mr. Evelyn Sword of Kimball, Thomas Bailey of Panther, Joseph Pack of Anawalt and Francis W. Pendleton of Welch, all McDowell; Buddy Taylor of Kermit, Mingo; D. Keith Jarvis of Richwood, Nicholas; T. R. Wilson Sr. of Beckley, Raleigh, and Dave J. Teeter of Elkins, Randolph.

Chosen by county committees to run on the Democratic ticket were Bantz W. Craddock of West Union, Doddridge, and Dr. W. W. Corder of Buckhannon, Upshur.

In addition to those picked to fill ballot vacancies caused by lack of primary candidates, county committees have named replacements for two men who were nominated for the House in the primary but later withdrew.

Authorities Probe

Aged Couple's Death

COLUMBUS, Ohio (AP) — Authorities were investigating the death of an elderly couple whose bodies were found in their fumefilled home by a newspaper delivery boy.

The bodies of Arlie P. Temple and his wife, Ethel, between 80 and 85, were found Thursday night by a newsboy when he looked in a window while attempting to collect for newspapers.

Authorities believe the couple died Tuesday afternoon. Newspapers, milk and mail had accumulated on the porch of their North Side home since then.

Preliminary investigation led officials to believe the couple died from fumes from a defective furnace or from gas which came from the kitchen stove. A pan on the stove had boiled over, extinguishing the flame.

The deadline on nominations to fill ballot vacancies has now passed.

Maximum Benefit To Most

District employees and officials of the Pennsylvania Railroad and others interested in the economy of the tri-state area are watching with great interest the Interstate Commerce Commission's study of a proposed merger of the Pennsy and the New York Central System.

Railroad leaders have requested the consolidation to permit more efficient operation of both systems and, they claim, to meet competition from other types of haulers and the restrictions of government rail regulations.

Railroad unions have stated that the merger would cost the jobs of many workers, and the Pennsy's main line would have greatly reduced operations.

Top officials of the Pennsylvania agree that some freight runs would be switched to New York where grades are less steep than in Pennsylvania's hills and mountains, but they say that job losses involving in this revision would be offset by increased maintenance facilities at Conway, Altoona and other Pennsylvania locations.

The ICC hearings on the proposal have been recessed until Oct. 15, and those familiar with the study of such giant mergers say a decision may take two years.

Sen. Joseph Clark of Pennsylvania has urged the ICC to "give careful consideration . . . that Pennsylvania and its people must not be allowed to suffer from any action taken in the merger proceedings."

The railroad has been a key part of the East Liverpool area's economy and transportation pattern since Wellsville and Cleveland were first linked in 1852, followed four years later with tracks to Pittsburgh.

The familiar clack of metal wheels on rails along with the whistle of the riverboat and the horn of the giant tractor-trailer trucks have signaled the continuing development of the Ohio Valley.

Technological and economic changes have reduced the role of the railroad since steam locomotive was in its hey day, but the railroad is still vital to this area.

A merger of the Pennsy and New York Central would result in significant changes in the operations of the two lines; after all, that is why they want to merge — to im-

prove their competitive position and to provide more efficient operation.

However, we hope the ICC and the two railroads bear in mind the widespread effect the merger will have on the workers, the businesses and industries served and the communities along the tracks.

Sen. Clark has requested careful consideration. J. W. Oram, a Pennsy vice president, has declared, "Every community now being served will continue to get as good or better service."

There would be job layoffs under the plan and there would be train runs curtailed. But there have been cutbacks in personnel and service in the past 20 years or more anyway, and the railroads separately face serious problems.

The hope is that the end result of a merger would be a maximum benefit to the majority of people involved — in the company, in the working force and along the far-stretching tracks.

Early Decision

Election Day is a month away, but the proponents of East Liverpool school district's two operating levies are hard at work listing the cold and hard facts of education financing.

At Parent-Teacher Association meetings, service club luncheons and other gatherings, speakers are telling potential voters quality education is no better than the classroom teacher.

Supt. Ralph Betts, who has the problem of obtaining teachers and retaining good personnel, declares he doesn't have the salary schedule to keep up in the competitive faculty market.

Parents — who have the top concern for education in this school district — and others who know what a substandard school system might mean for community culture and progress should be weighing their ballot attitude now.

The decision is obvious. It would be even for a Soviet mother or father who don't get to vote for or against school levies. But then again, the teaching is standardized and, like the elections, a little one-sided.

then only in the most nominal and perfunctory manner.

While everybody is wracking his brain trying to figure out what to do in a case like that of Mississippi, it wouldn't be out of order for some of our brighter minds to suggest the real trouble lies in the absence of a two-party system in the South and will not be relieved until enough newly enfranchised Negro voters can do something about it. But that, of course, is what Southern Democrats are afraid of—a political opposition.

Cuban 'Showcase'

West Berlin is the non-Communist "showcase" in Germany.

But East Berlin is a "showcase" too—for Russian Communism.

It has done more to scare off would-be Communists than any amount of theorizing. The weakness of Communism as a practice is the revolution it causes among those who otherwise might be converted by its theory.

So now Communism is going to have a "showcase" off the southeastern United States. Cuba also is going to be a military base in some degree as yet unknown. But primarily it will be a place where Communism Russian style will be on view, along with Communism Cuban style.

The Guardian, Britain's famed liberal newspaper, thinks this might be a rude setback for Communism in the New World—a harder blow than "any number of broadcasts by the Voice of America, or even . . . the Alliance for Progress itself."

By Truman Twill

series of seedy lots. Nellie's kittens have been deteriorating.

It's like a family we once knew that had produced 18 children. But it was nothing to boast about because after the first dozen the next half dozen were coming through with parts missing. Everybody was happy when the production line was shut down after a disastrous mixup on No. 18—one arm missing, also an ear.

With Nellie, it has been diminishing size. Her kittens are born small and grow up small. They're spooky and given to frantic action when cornered in the house. They're an unpleasant reminder of neglected duty.

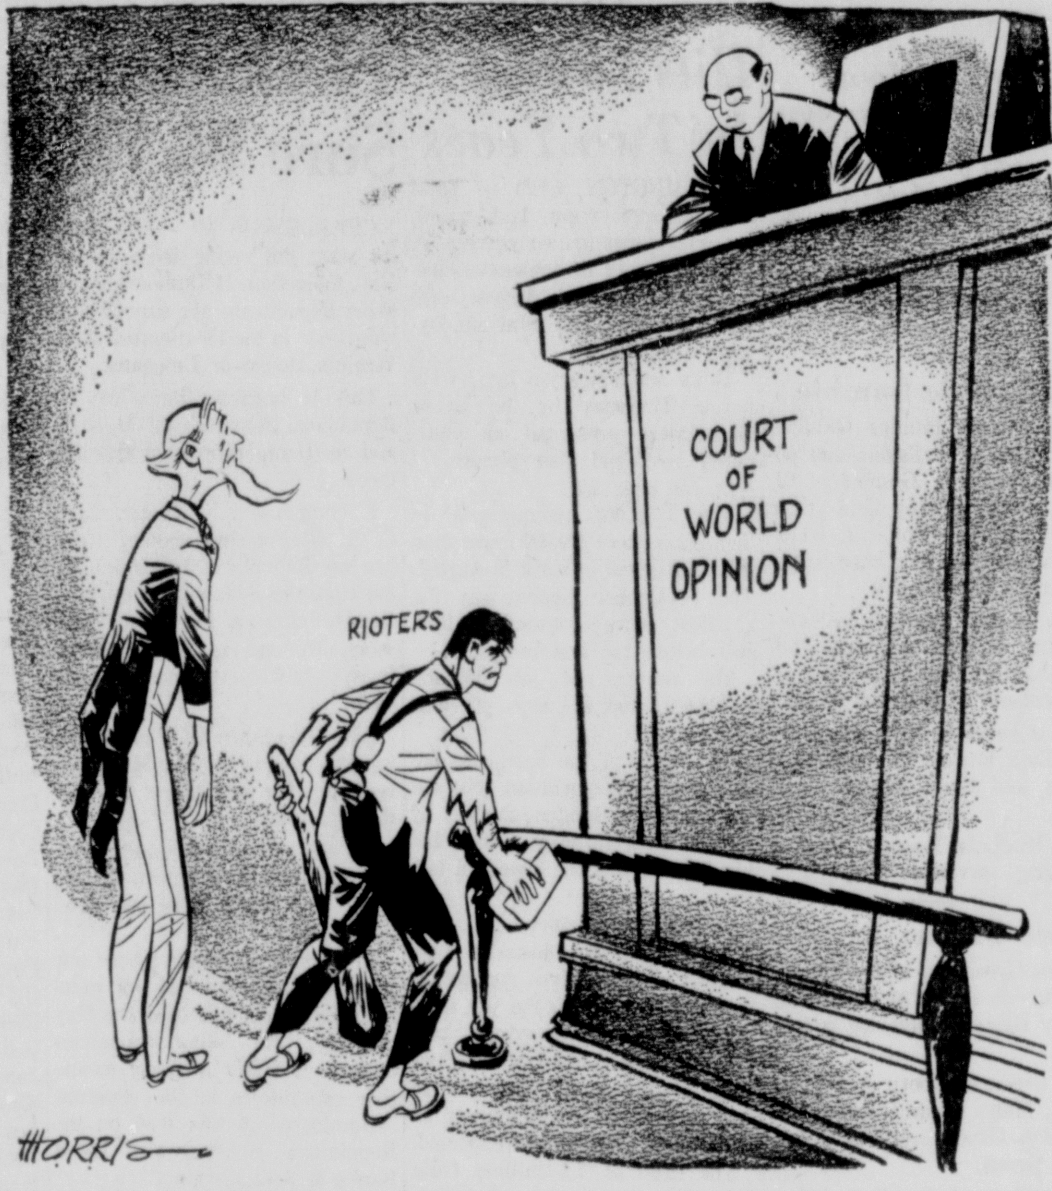

They should have been, er, rendered, uh, absent at birth, except for one "keeper." This is the way it was handled in Eunice's most recent litter. The "keeper" is now the size of a gray fur hot water bottle.

With this kind of family planning, assuming that the best way to break up a matriarchy is to keep it from turning into a dynasty, the homegrown cat census at the Twillery will be made in a few years. When that happens it will be no problem to keep the census under 12, the maximum allowable by household agreement.

Boy cats leave home. This is according to natural law.

The ones who come back for visits, however, attract girl cats, so something's going on all the time. There would be no gross shortage of cats or surplus, either, thanks to family planning. And what's that? Well, you save the best baby tomat in each litter; that's the essence. And no more questions, please.

Guilt By Association

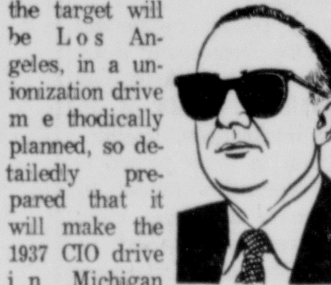

Labor Maps California Drive

By Victor Riesel

SAN JOSE, CALIF.

Word has gone out to the impatient strategists of labor's special Operation Organization that D-Day comes after E-Day. Then the target will be Los Angeles, in a unionization drive in e thodically planned, so de-tailedly prepared that it will make the 1937 CIO drive in Michigan seem like a Victor Riesel temperance parade.

Victor Riesel

D-Day will see the launching of a campaign for 700,000 new members in and around the big western city. But D-Day won't come until after Election day, which will mark the end of labor's vote campaign, the drive to defeat Dick Nixon. California labor leaders have been advised to do nothing that will interfere with, or divert any energies from, the efforts to re-elect Pat Brown. After that labor starts rolling on its own frontier.

Plans minutely worked out at a special two-day session last Aug. 20-21 call for moving at least 2,000 experienced union organizers into the Los Angeles area.

All this has been put into a confidential set of documents 31 pages thick. Nothing has been left to chance. The organizers say not a single non-unionized worker (not by name) has gone uncounted. Industrial Los Angeles has been logged into a master file of some 5,000 cards.

AT THE CLOSED two-day session 75 international union presidents met behind the closed doors of the Washington, D. C. AFL-CIO Executive Council room at 815 16th St. NW.

The men were divided into five groups representing each of the industrial sections they will tackle next November. They heard AFL-CIO president George Meany outline the general operation. Then Walter Reuther, head of the national Organization Committee, outlined his strategy and tactics.

The groups which are their five basic objectives are: "hard goods manufacturing — metal, lumber, wood, furniture, stone, clay, glass, and miscellaneous; soft goods manufacturing — food and allied processing, textile mill products and apparel, paper, printing, pub-

lishing, rubber and miscellaneous plastics, petroleum refining and related, chemicals and allied products."

Also "government — federal, city, county and state — teachers and fire fighters; wholesale and retail trades; and food, drink and hotels."

THERE WILL BE a central director and a coordinator for each grouping. These strategists will work with a central committee in each section. Each committee will be made up of a representative of each interested union in the special field.

As each central committee gets its share of organizers, staff men, money, public relations experts, economists, lawyers and other technicians, it will decide which plants will become the immediate objectives.

The money and manpower will come out of a central pool, probably directed on the spot by national organizer Jack Livingston, who will answer to national coordinator Walter Reuther, who will consult with George Meany. After a plant is successfully unionized, the central committee of the group will decide into what union the new members will go.

Most of the big plants are in the hard goods category. These will be the target of a special

combination of influential national labor organizations:

This division is made up of the Steelworkers, the International Brotherhood of Electrical Workers, the International Union of Electrical Workers, the United Automobile Workers, Sheet Metal Workers, and the International Assn. of Machinists. These are the powerhouses. They are led by such men as Reuther, Joe Keenan, Gordon Freeman, David McDonald, Al Hayes and Jim Carey.

SO DETAILEDLY has their Operation Organization been planned that they even have the exact number of new members possible in each group. In the metal field, for example, they reckon there are 268,000 who are non-union and therefore eligible. They allow a 20 per cent margin-for-error deduction and put the figure at 214,000. This, they figure, will require 214 organizers.

This is the strategy in each field. If successful in Los Angeles, the drive will be pushed throughout California first and then into Texas and across the country into such targets as Chicago, Philadelphia and other vital industrial sectors.

Most of these men made history in '37. Note — 25 years later —they'll try to repeat themselves.

Odd Facts

Whales are believed to get along with little or no sleep. It is thought they must keep on the move so their bodies will keep warm in the frigid waters where they live. Even small specimens in aquariums have been observed swimming around the clock, which could mean that whales "swim" in their sleep.

Seeking Guidance

By David Lawrence

Moral Force Seen Hope For World Peace

In a troubled world and in a troubled nation, it is heartening to report a simple incident which furnishes a symbol of hope. Fifteen United States senators gathered one day this week to pray together and ponder the lessons of a spiritual heritage. This breakfast group, in varying numbers and including some former senators, too, has been meeting for nearly 20 years on Wednesday mornings when Congress is in session. What is said behind the closed doors is not for publication.

David Lawrence

These are men of both parties and of varied political philosophies and church affiliations, and from all sections of the country — names prominent in the day's debates and in the factional strife of our political system. But when they sit down together, it is in a common partnership of the human spirit.

These men of both parties and of varied political philosophies and church affiliations, and from all sections of the country — names prominent in the day's debates and in the factional strife of our political system. But when they sit down together, it is in a common partnership of the human spirit.

When the senators gathered this week for the last meeting of the year, events in the background were more challenging than ever before. As they arrived at the private dining room in the Capitol, they had just heard over the radio the first few minutes of news about the sending of another American into outer space. The Senate, along with the House, has been deeply concerned legislatively with the ventures of U.S. astronauts into space.

It is not easy to put aside as mere science the miracle of man speeding through space at 17,500 miles an hour, nor to forget the possible military implications of the space contest in the midst of a "cold war."

Nor can feelings over the tragedies and controversies in the life of the nation be swept aside as mere emotion without full understanding. The basic point is whether man can triumph over himself — over the evils of a man-made environment.

CAN THE "cold war," for instance, be won? Why is it that

despite the billions of dollars spent each year for foreign aid and the hundreds of billions expended in the last decade for defense the battle is far from won, and there are skeptics who even question whether it ever will be? Why in the war of words is truth distorted and brushed aside? Why have so many tens of millions of persons been taken behind the Iron Curtain year after year under a dynasty that doesn't believe in God?

These are questions in the minds not only of the men in public life in America, but in the minds of peoples throughout what we call the "free world."

What is the meaning of the egotism that says man is all-powerful and that there isn't any need to rely on anything else? What does a flight through outer space emphasize — the achievements of man in science or the inspiration of a powerful God?

The seeming helplessness of man in a troubled world is lamented every day. "What can we do?" is the question on the lips of millions of righteous men and women who do seek some guidance.

Inevitably, the quest for an answer turns on faith and the guidance of God. For centuries past, men have sought to rely on the teachings of the Scriptures and on the sermons of God-fearing leaders.

TRANSLATED into present-day problems, the struggle is between the passion that tends to rely wholly on a doctrine of physical force and the more difficult but nevertheless growing understanding of the power of moral force.

Moral force isn't mere pacifism or nonresistance as against the basic law of self-preservation. Moral force is the combined power of individuals ready to make the supreme sacrifice for what they feel is right. This means a search for truth and the courage to pronounce it and communicate it around the world.

But to convey truth requires a sense of conviction. Unless the champion of truth is himself free from the evils of ambition or selfishness — or of the prejudices of self-interest that make it difficult to perceive truth—moral force cannot gain its victory.

War and its bloodshed may come again, as it has in the past, but man can pray persistently to God for guidance and have faith in the willingness of a supreme being to bring light to a darkened world.

Moral force may some day be better understood than it is today. It is significant, however, that men in high places are constantly praying to God for guidance.

Explosion At Ole Miss

By James Marlow

WASHINGTON — The explosion at Ole Miss—while dramatizing the Negro's struggle for equal rights and opportunities in the South—is only one more episode in a painful book far from ended.

The Southern Negro has been making some progress toward his goal. He still has a long way to go. White resistance to treating him as an equal crumbles slowly.

And, just because it does, what happened in Mississippi is in the long view just one more roadblock removed on a long march.

The riots and murders at the University of Mississippi, over admitting just one Negro to one state public school, come when the United States is trying to act as friend to the newly free but recently colonial Africans.

How does this look to the rest of the world? C. L. Sulzberger of the New York Times, writing from Athens, says that in effect Southern treatment of Negroes is America's own form of colonialism.

The American State Department, which has to try to impress Africans and Asians with the good will and enlightenment of the United States, might wish the white resistance would collapse with its defeat in Mississippi.

But it won't. The defeat was single and not total. The resistance there will continue, even if without bloodshed. It demonstrated one thing only:

That if a state defies a court order, as Mississippi did in trying to keep James H. Meredith, a Negro, from registering at Ole Miss, the federal government will use all its power to smash the resistance.

The example of the fiery defeat at Ole Miss will hardly affect the quieter forms of Southern resistance, which for years has been delaying equal treatment of Negroes.

In all of this there is a double irony.

The Supreme Court has ruled it unconstitutional for a Negro to be kept out of any American public school because of his race. This means the Negro has a constitutional right to admittance.

It might seem therefore to a

foreigner that the Negro should be able to enjoy his rights at once since the Constitution guarantees them.

But the longer Negroes have to wait to get into white schools—or for other rights, like voting—the longer they are denied their rights and only because Southern whites, out of prejudice, wish to deny them.

Therefore, those who urge a very slow approach to the whole problem are actually suggesting the Negro citizen be patient about wanting those rights which under the Constitution and the Supreme Court interpretation of it belong to him.

This is hardly persuasive to the Negro. Nevertheless, because of the very nature of the American political system in which men seek to be elected to office, eventually the Negro in the South will have a tremendous voice.

He'll have it only when Negroes everywhere in the South can vote—and do vote—as freely as white men. Progress is being made in this field, too, but, despite efforts of the Kennedy administration, that also is very slow.

White politicians who now advocate segregation will in the end, in areas where the Negro vote can defeat or elect them, have to seek the Negroes' help and promise benefits to get it.

Family Planning

Someone was asking about our cats. People are interested in our cats, apparently because it strikes them as unusual to have many cats instead of a few cats.

Actually, it isn't unusual in that respect. Eccentrics go in for flocks of cats. What's unusual is that the denizens of the Twillery do not think of themselves as eccentric. But who can be sure?

We have multiple cats; make no mistake about that. Were it not for a recently acquired aptitude for family planning, there would be even more cats than there are.

Eunice had kittens in mid-September—four, as usual. Eunice is our only cat that looks like anything. Her fur is Persian type. Her disposition is mild. Maybe Eunice is stupid. In either case, she is easy to get along with and demonstrably affectionate.

The tomatos in the neighborhood find this to be true too. She has supplanted Nellie as the perennial mother image. For the first time in her life, Nellie passed up a chance to bless the establishment with another litter of kittens this fall. She is lithe and slender as a cheerleader for a change.

This started a rumor that Mama Miaow was retiring, but I find this impossible to believe. I think it was the long dry spell we had, which caused everybody with no compelling reason to stir from home to stick close to it. Lately, Nellie has been home only at intervals. This always has been the sign before that she was on the march.

Her latest litter is almost grown now. She growls if they come close, and no one blames her. They're a seedy lot—latest in a

Chester PTA Assigns Duty

Committee chairmen were appointed by Richard Milner, president, at a meeting of the Chester Elementary Parent-Teacher Association Thursday night at the high school.

Appointed were Mrs. William Mountjoy, membership; Mrs. Ruth Cox Turner, program; Mrs. Richard Lee, publicity; Mrs. Charles Wagner, magazine; Mrs. Grant King, social; Mrs. Charles French and Miss Betty Buben, hospitality, and Mrs. Fred Mader and Mrs. Delmar Seals, ways and means.

Plans were made for the sale of Halloween candy as a fund-raising project. Purchase of a new attendance banner was authorized.

Atty. Martin Fahey of Weirton discussed Hancock County plans for observing the West Virginia Centennial in 1963. He is county centennial chairman.

Kent Manley reported on a meeting of the County PTA Council last week.

Refreshments were served by the eighth grade homeroom mothers, Mrs. S. L. Miller, Mrs. Kent Manley, Mrs. Donald Chaney and Mrs. Richard Shingler.

Next meeting is Nov. 1.

BPW Will Hear City School Dean

The civic participation and legislation committees have charge of the 6:30 p. m. dinner meeting of the Business and Professional Women's Club Wednesday at the Travelers Hotel.

Mrs. Nessie Dunlop, chairman of civic participation, will present Mrs. Ruth S. Connor, dean of girls at East Liverpool High School, who will speak on "Adult Education."

Mrs. Wilma Mason, legislation chairman, will introduce John J. Carrigg, candidate for 18th District congressman.

Other talks will be given by representatives of the Citizens for Better Schools committee, on the school levies and the fire department on Fire Prevention Week.

Reservations must be in by Sunday.

Air Force Promotes Former City Resident

Daniel James Bigelow, son of Mr. and Mrs. Raymond Bigelow of Negley R. D. 1, former East Liverpool residents, has been promoted to captain in the Air Force at Ellsworth (S.D.) Air Force Base.

Capt. Bigelow, with the 77th Bomb Squadron, is married to the former Jane Allison, daughter of Mrs. Nettie Hissom of Spring Grove Ave., Pleasant Heights.

He is a 1953 graduate of East Liverpool High School, and is a 1957 honors graduate of Kent State University, where he majored in advertising art.

Capt. Bigelow is a pilot of a B52 Jet Stratofortress, and is stationed at Rapid City, S. D.

Fog Cancels Flights At Cleveland Airport

CLEVELAND (AP)—All flights were cancelled at Cleveland Hopkins Airport Thursday night because of a heavy blanket of fog.

Landings were halted shortly before midnight when visibility fell below half a mile. A few minutes later, with visibility below a quarter of a mile, take-offs also were stopped.

The Ohio Highway Patrol reported early today that the fog extended from Sandusky to Ash-tabula along Lake Erie and as far south as Youngstown, creating hazardous driving conditions.

Biblical Characters Theme Of Class Meeting At Irondale

Mrs. George Billie led devotions and a discussion on "Mary and Martha", Biblical characters, when the Dorcas Class of the Irondale Methodist Church met Wednesday night.

Twenty-one attended with Mrs. Charles Warden. Mrs. Charles Smith was program leader. Fourteen participated in reading Scripture verses.

Mrs. Charles McFadden, president, presided. The hostess was assisted in serving lunch by Miss Connie Hogue, her granddaughter.

Most Drivers Must Renew Permits Soon

Most Ohio drivers' licenses will expire in the next 12 months, as the year that started Oct. 1 marked the beginning of a three-year cycle for renewals.

That warning was issued today by Safety-Service Director Robert Owen, who also is a deputy motor vehicle registrar.

Once in three years, an estimated 90 to 95 per cent of the driver's permits in Ohio come up for renewal, Owen explained. Since Oct. 1 marked the beginning of the three-year cycle, all drivers should check their permits against early expiration, he said.

The three-year licenses, expiring on the holder's birthday, were issued to most drivers six years ago. That means the next year will mean the third issuance for most permits.

The permits can be renewed 30 days in advance of the holder's birthday, Owen explained. Until six months after expiration, the holder may obtain a renewal without taking an examination, but the license is not valid in the meantime.

Since the Bureau of Motor Vehicles once mailed out renewal notices a few years ago, some drivers may be waiting on such a warning, Owen said. But the system of renewal notices has been discontinued and it's each driver's responsibility to keep track of the expiration date and make certain he gets a new permit, the director said.

Owen Hardware on Mulberry St. and the Columbiana County Motor Club on E. 4th St. operate the local deputy registrars' offices. Another is at the Potters Lumber Co. at St. Clair Plaza, near Calcutta.

City Navy Recruiting Center Chosen 'Station Of Month'

The city Navy Recruiting Office has won the award as "Station of the Month" among 14 branch recruiting stations in Northeastern Ohio.

The award is presented to the station meeting its assigned quota in quality and quantity, including prior servicemen and first enlistments.

Chief Kenneth Brooks is in charge of the office in City Hall, which serves all of Columbiana County, and Chief Leonard Faust is the recruiter in Salem and East Palestine, branches of the East Liverpool office. The Salem office is visited twice weekly and East Palestine one day a week.

Eighteen county men enlisted during September, Chief Brooks reported.

Re-enlisting was Robert D. McKinnon, husband of Mrs. Gloria McKinnon of 7th Ave., LaCrosse, Wis. Discharged in 1959 after three years' service, he re-enlisted as a hospital corpsman and was sent to the Philadelphia Naval Receiving Station for assignment.

Also re-enlisting was Charles G. Workman, son of Mr. and Mrs. Onward B. Workman of Irondale, Pa. He is husband of Mrs. Constance Workman of Toronto.

owned by Basil Plemons of Boyd St., police said.

Arraigned today before Municipal Judge Samuel M. Chertoff, Troutman requested a continuance to allow him to obtain counsel. The court set his hearing Tuesday at 9 a.m. and fixed bond at \$500.

Faulty brakes were blamed for another crash that damaged two cars Thursday at 3:40 p.m. at E. 3rd and Market Sts., police said.

The mishap involved a 1960 sedan driven by Matthew J. Stipe, 55, of Chester R. D. 1 and a 1955 two-door sedan operated by Judith Lynn Jernigan, 20, of 622 Main St., Wellsville, police said.

Stipe told police he was halted for a traffic light when the woman's auto hit his car from behind. The woman motorist told police her brakes "did not work right," officers said.

Directors Named By Beaver Group

The Board of Directors of the Beaver County Mental Health Society has named Mrs. John F. Dawson acting director to succeed Mrs. E. M. Chapman who resigned in July.

Mrs. Dawson has been associated with the society for the past year as secretary and assistant to the executive director. A former school teacher, she is a graduate of Carnegie Institute of Technology and has done graduate work at the University of Pittsburgh.

The annual meeting will be held Oct. 25 at the First Presbyterian Church at Beaver. Dr. Guinevere Chambers, professor of psychology at the University of Pittsburgh School of Medicine, will speak, and the Patient - Chorus of Dixmont will sing.

Mrs. Clifford Conklin, president of the Mental Health Society, is attending the American Medical Association National Congress on Mental Illness and Health being held in Chicago this week.

By re-enlisting within 90 days, Workman received a re-enlistment bonus and retained his rating as aviation boatswain's mate third class.

Enlisting from East Liverpool were James L. Johnston, son of Mr. and Mrs. Leonard A. Johnston of Box 62; Byron E. Surgeon, son of Mr. and Mrs. Donald E. Surgeon, 1753 Pennsylvania Ave.; Dale E. Saling, son of Mr. and Mrs. Paul L. Saling of Densmore Ave.; Harry J. Clutter, son of Mr. and Mrs. Gale H. Clutter, 2020 Ohio Ave., and Ronald L. Adkins, son of Mr. and Mrs. Raymond Adkins, 1 Thompson Pl.

All five are taking boot training at Great Lakes, Ill.

Charles L. Shepard, son of Mr. and Mrs. Howard W. Shepard of Hanoverton R. D. 1, enlisted in the high school graduate training program and also is taking boot training at Great Lakes.

Also assigned to Great Lakes were George L. Welsh, son of Mr. and Mrs. George O. Welsh, 402 E. Martin St., and Keith R. Claypool, son of Mr. and Mrs. Marlin K. Claypool, 400 Alice St., both of East Palestine.

The remaining eight enlistees were from Salem.

Legislature Hit By Governor On Youth Program

AKRON, Ohio (AP) — "You need not look at the record of the last legislature to see how Ohio's youth are being short-changed," Gov. Michael V. DiSalle said here Thursday night.

The governor, seeking re-election for a second four-year term, accused the Republican-controlled legislature of preventing "our youth from realizing the broad opportunities for employment in the fields of science and international trade."

He scoffed at Republican claims that they increased appropriations to state-supported schools by nearly 18 million in the last legislative session.

The legislature failed to take into consideration that enrollments are increasing and that the aid per student actually is dropping, forcing students to pay higher fees than before, DiSalle said.

102 Pupils Examined At 3 County Schools

LISBON — The Columbiana County Health Department gave physical examinations to 102 first grade pupils at three schools this week, according to Dr. C. S. Palmer, county health commissioner.

Tuesday, there were 47 at Knox; Wednesday — 30 at North Georgetown, and Thursday — 25 at Homeworth.

This concludes the first grade physicals at schools for fall and Monday the health department staff will go to Columbiana to give Mantoux TB tests to eighth grade and senior students, Dr. Palmer said.

Freedom Rider Returning Home

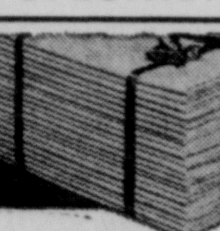

CLEVELAND (AP) — Mrs. Mamie Lee Underwood, who came here on a reverse freedom ride, boarded a bus Thursday to return to Centerville, Ala., saying: "I'm feeling fine about going back." With her were her 10 children and one grandchild.

The Negro family came to Cleveland last July. Bus fare was provided by the Bibb County (Alabama) White Citizens Council.

Mrs. Underwood said people were good to her in Cleveland, but she felt her children would be happier living in Centerville. She said she did not want to be a burden on people here any longer.

Bus fare of \$158 and \$20 for meals for the return trip were provided by the Cuyahoga County Welfare Department.

tives will be effective the evening of Oct. 28.

E. L. Wheatley, international president, will head the union's delegation. The USPA will be represented by its labor committee.

The union said its contract proposals already have been turned over to the USPA, which generally submits counter-propositions.

The present agreement between the union and the manufacturers' group covers employees of the Homer Laughlin China Co., Edwin M. Knowles China Co., Taylor Smith & Taylor Co., Harker Pottery Co. and Hall China Co., all in the immediate area, and the Salem China Co. at Salem, the Royal China Co. and French-Saxon China Co., both of Sebring, and the Canonsburg Pottery Co. of Canonsburg, Pa.

The union said its negotiating committee "has the full power to sign a contract with the manufacturers, call a strike or refer such matters back to the respective local unions involved for a vote of the members."

The present contract was negotiated in Cleveland in November 1960. The IBOP won a package settlement estimated to be worth 8 cents hourly. It included a 3-cent hourly raise that took effect Dec. 1, 1961, beginning of the second year of the contract.

IBOP members in six chinaware plants also are covered by a two-year pact that runs out Nov. 30. The chinaware contract will be worked out in a separate bargaining session.

Under the chinaware contract are Sterling China Co. and Wells-ville China Co., both of Wellsville, Walker China Co. of Bedford, Buffalo China Co. of Buffalo, N.Y., Mayer China Co. of Beaver Falls and Jackson China Co. of Falls Creek, Pa.

35 Attend Session Of Rural Women

LISBON — Mrs. Ellen Henderson of Salem R. D. 3 was in charge of the quarterly meeting of the Columbiana County Home Demonstration Council Thursday in the Village Hall. There were 35 members present.

The group made final plans for the Christmas - at-home tea at YWCA in Salem Nov. 7-8.

Carol Lane of Columbus, representative of the Shell Oil Co., will be one of the guest speakers. Displays to be shown also was discussed.

The group will urge attendance of Home Demonstration Clubs when Miss Mabel Spray, extension specialist at Ohio State University, speaks on credit and its uses at a meeting Oct. 17, at 1 p.m. at Mt. Nebo Grange Hall. Mrs. Betty Gamble of Winona, president, presided.

Contractor Finishes Relocation Of Rt. 164

LISBON — A two-tenth mile relocation of State Route 164 just south of Gavers was completed this week by the contractor, Clyde L. Moore, Inc., of Lowville.

According to the State Highway Department office at New Philadelphia, the contract price for the project was \$81,785. Work included construction of a new 36-foot-wide, three-span bridge over the West Fork of Little Beaver Creek. This replaced an old structure that was only 18 feet wide.

Total cost including engineering and right-of-way, was \$93,995.

Rogers Mothers Club To Entertain Pupils

ROGERS — Plans for a Halloween party Oct. 31 for children of the Rogers School were made at a meeting of the Mothers Club Thursday.

Mrs. Mabel Reeder was named chairman for the beverage concession at the school fair, and Mrs. Rachel Cuthbert for the fish pond.

Mrs. Evelyn Todd, president, was in charge. It was reported \$18 was netted from a bake sale.

Mrs. Marthanel Seachrist was hostess. Next meeting will precede the Halloween party.

Grange Holds Degree Rites

The third and fourth degrees were conferred when the Clark Grange was host to the Unity Grange at a meeting Thursday night at the Clarkson Grange Hall.

The third degree was exemplified by Unity Grange for a class of candidates from Unity, Calcutta, West Point and Pleasant Valley Granges while the fourth degree was given by the host degree team.

Jack Pozenel of West Point, deputy master of county granges, discussed Grange work. Reuben Langer, Clarkson master, presided.

Plans were completed for a luncheon to be served Saturday, Oct. 13, at Gaston's Mill in Beaver Creek State Park to members of the Columbiana County Forest and Parks Council. Atty. Donald Elliott of Rogers will be speaker.

Mrs. Edith Thompson and committee will be in charge.

Mrs. Thompson was named as home economics committee chairman, succeeding Mrs. Marie George who resigned.

Refreshments were served 68 by Mrs. Thompson and committee.

decided to impose penalties where possible on those who make ships available for transporting Soviet bloc goods to Cuba.

The shipping restrictions outlined by State Department officials are sweeping:

They will bar any Soviet vessels from American ports—except for humanitarian reasons or other special cases—because the Soviets are sending arms to Castro.

They will deny U.S. cargoes to ships involved in the Cuban trade with Communist-bloc countries.

Wellsville Man Given \$250 Fine

A Wellsville defendant charged with assault and interference of a police officer was fined \$250 and costs and given 25 days in jail at a hearing Thursday before Wellsville Mayor W. W. Daugherty.

Michael Thompson was given the fine and sentence on a charge of assault and interfering with Patrolman Ed James last Friday night in Wellsville.

Police said the defendant had been involved in a fracas with another man, Jerry Stone, 21, of East Liverpool, was fined \$25 and costs earlier in connection with the same incident.

Mayor Daugherty also fined Robert McDole of Smiths Ferry \$53.70 on a charge of driving an overloaded truck.

Truck, Car Collide In 'Back-Up' Mishap

LISBON — Two village men found out Thursday afternoon what it means to back into trouble.

A truck driven by John Henry Reese, 37, of R. D. 2 and a car operated by Jack Edward Steitz, 43, of 116 W. Pine St. backed into each other on Route 518 about a mile and a half east of Route 164 at 3:30 p.m., according to the Ohio Highway Patrol.

The trucker was backing out of a private drive when Steitz backed from the roadway and the two vehicles collided, causing moderate damage, the patrol said.

4-H News

Pam Baker was elected president of the Polaris 4-H Club at a meeting Thursday night with Mrs. Margie Smith of New Cumberland R. D. 1, advisor.

Others elected were David Cecil, vice president; Natalie Dunlevy, secretary; Bill Ferguson, treasurer; Bobbie Boyles and Susie Smith, song leaders; Freddie Miller and Buddy Harmon, game leaders, and Kelsye Hayward, reporter.

Plans were made to sell five-pound sacks of bird seed and to hold a Halloween party. Refreshments were served by the advisor.

times in flight he felt that too many people were talking to him by radio.

Powers explained that the astronaut's communication with the ground is by high frequency radio and that even if two people are checking out their system in Australia, the astronaut hears them.

Schirra reduced use of the control fuel by drifting for about half of the flight, said spokesman Ben James. During this time, the Navy commander made no attempt to control and stabilize the capsule's position in relation to the earth.

Schirra described his drifting flight as "a very nice feeling. I felt as if I was on top of a trajectory," he added, using a pilot's term to describe the sensation when a jet plane reaches the top of a climb.

The astronaut reiterated he had "encountered no ill effects at all" for having been weightless and was able to function "as you would on the ground with no limitations."

Five of the six other astronauts were flown aboard the Kearsarge Thursday by carrier plane from Midway. They and Schirra retired to his admiral's cabin to discuss and evaluate his reports.

The astronauts, who arrived with a group of space agency doctors and technicians, are Marine Lt. Col. John H. Glenn Jr.; Navy Lt. Cmdr. Malcolm Scott Carpenter, Air Force Maj. Virgil I. Grissom, Air Force Maj. Leroy Gordon Cooper Jr. and Air Force Maj. Donald K. (Deke) Slayton. Schirra told them he had seen the same astronomic phenomena as Glenn and Carpenter on their orbits.

These included snowflakes, and a blazing sunset in which the sun appeared flat on the horizon.

The capsule already has been lifted by helicopter to Midway, from where it will be flown to Houston, Tex. for detailed study by NASA technicians.

Dance Set Oct. 13 For Homecoming

The Boosters Club of the East Liverpool High School is once again sponsoring the annual Homecoming dance at the Memorial Auditorium Oct. 13, from 8:30 to 11:30 p.m.

The dance will be the climax of the homecoming festivities. The queen and her court will be the honored guests. There will be a special intermission ceremony, at which time the queen will be crowned. Refreshments will be served.

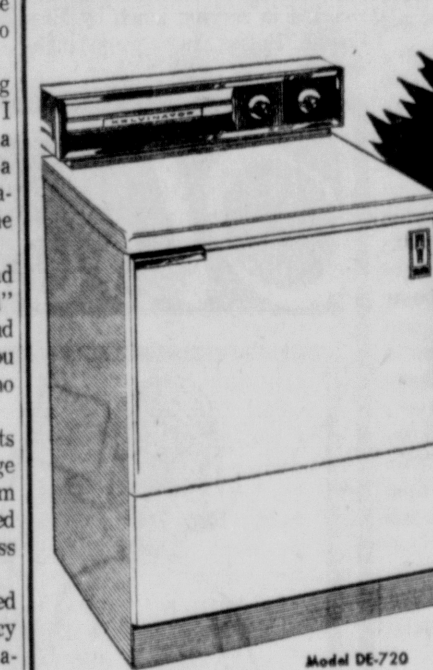

Alumni of the school are invited.

Lisbon Coal Firm Is Sued

LISBON — Robert D. Whitaker, doing business as the R.D. Whitaker Coal Co. of R.D. 1, was charged in an injunction suit in the U.S. District Court in Cleveland with violations of the Federal Wage-Hour Law.

The complaint was filed by Secretary of Labor W. Willard Wirtz through Solicitor of Labor Charles Donahue.

It is estimated that about \$6,000 in back wages are due 17 employees because of the alleged violations of the law.

The complaint alleges that the defendant failed to pay many employees the minimum wage of \$1 an hour during the period from June 19, 1960, to Sept. 3, 1961, and the new minimum wage of \$1.15 an hour since Sept. 3, 1961.

He is also charged with failure to pay the required time and one-half of the regular pay rate for hours worked in excess of 40 per workweek since June 19, 1960, and with failure to maintain adequate and accurate payroll records.

A judgment is being sought to permanently enjoin and restrain the defendant from further violations. Legal action followed investigation of Whitaker by the Cleveland South Office of the U. S. Department of Labor's Wage-Hour and Public Contracts Divisions.

The firm is engaged in the production, sale and distribution of coal. Whitaker resides on State Route 45 in Wellsville.

Nail Ridges

Q. I am 55 and have always kept my fingernails well manicured. Lately I have developed ridges on the thumb nails. What causes this condition?

A. The medical name for this condition is "onychorrhexis." In the elderly, it is due to spotty thinning of the nail plate. In younger persons the condition has been attributed to contact with acids, alkalis, formaldehyde, or other chemicals, any of which possibly dissolve the natural fats of the nails, causing ridging, dryness, and splitting.

QUEEN CANDIDATES. One of these five Salineville High School girls will be announced as Homecoming Queen during the half-time ceremonies of the Salineville-Stanton Local football game Saturday afternoon. Left to right are Frances Parsons, Darlene Irvine, Sharon Kellison, Jennifer Needham and Ruth Gearin. The queen has already been selected, but will not be revealed until the game. The annual homecoming fete will include a smorgasbord dinner to be sponsored at the high school by the Band Boosters from 5 to 7 p.m., followed by a homecoming dance from 8 to 11. A concession stand will be operated by the Athletic Boosters Club at the game, which will begin at 2 p.m. Prizes will be awarded by the Blue and Gold Mothers, and a free ham will be presented a winner by the Band Boosters.

To Be Arraigned Today

Post-Debutante Admits Slaying Young Engineer

BOSTON (AP)—Police said today a pretty young post-debutante has admitted slaying an electronics engineer whose nude body was found in her luxurious Beacon Hill apartment.

Det. Lt. Edward Sherry said Miss Suzanne Clift, 21, was booked on a murder charge and would be arraigned today in Boston Municipal Court.

She is accused of the shooting of Piero Brentani, 27. His body, a .22-caliber bullet in the back of the head, was found Wednesday in the girl's padlocked bedroom.

Sherry said the girl was very calm, almost stoic as she told her story. He said she gave no reason for the slaying.

She identified a .22-caliber pistol, found in the kitchen of the apartment she shared with her socially prominent grandmother, Barbara Pierce Pearmain, 71, as the murder weapon.

Police said Miss Clift told them she shot Brentani early Monday in the room where he was found.

She said she did not leave the house until Tuesday.

The slender blonde girl told of flying to South America and back.

Miss Clift, niece of movie actor Montgomery Clift, was arrested shortly after she entered Massachusetts General Hospital Thursday night.

Police found her after getting a lead from a taxicab driver.

Brentani held degrees from the Swiss Federal Institute of Technology and Harvard University.

Mrs. Pearmain found the body when she returned home from a 10-day vacation at her summer home in Osterville on Cape Cod.

Miss Clift is a graduate of a Boston finishing school and attended Mt. Holyoke College. She recently worked as a secretary.

Her mother, Mrs. Peter Thompson, divorced and remarried, and also living on Beacon Hill, said Brentani was "a fine sensitive fellow" whom Suzanne met on a blind date two years ago.

Brentani, who worked for Minneapolis-Honeywell Co., was a native of Dresden, Germany.

English Mother Gives Her 6 Children Away

LONDON (AP)—Margaret Edwards said today she had given away her six children because she couldn't afford to keep them.

The children are Elizabeth 6, Kathleen 5, Brian 4, Leslie 3, Arthur 14 months, and Janet, born a month ago.

Mrs. Edwards lives in a trailer with her parents in the nearby countryside.

She was married at 17 to Kenneth Edwards.

Earlier this year, Mrs. Edwards, now 24, and her husband, 27, parted. There has been no divorce.

The mother said that she put Elizabeth, Kathleen and Leslie in a children's home. A family in Newcastle adopted Brian. A couple in Peterborough adopted Arthur.

This week Mrs. Edwards gave

baby Janet to Pauline Rowell who also lives in a trailer.

"I could either live on national assistance (unemployment relief) and keep Janet, without any hope of getting Elizabeth, Kathleen and Leslie back," said Mrs. Edwards, "or I could give her up and go to work."

"It's been a heart-breaking decision, but now I've got a full-time job in a factory and I hope to save and have a home of my own. Then I'll be able to get back some of my poor children."

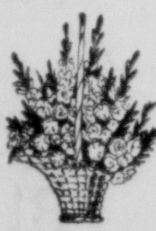

In Britain, parents who give away their children can ask to have them back—but not if the children have been legally adopted.

Hancock ASC Trio Retained

Hancock County farmers have returned all three members of the County Agricultural, Stabilization and Conservation Committee in the annual election.

Seventy-one of approximately 200 eligible farmers cast ballots, according to Mrs. Norma Murray, office manager.

Re-elected for one-year terms were Carl R. Allison, chairman; C. C. Herron, vice chairman, and Shields Mayhew, regular member. All are Pughtown area residents.

Allison received the highest number of votes — 56 — to be designated as chairman. Herron received 49 votes and Mayhew, 46.

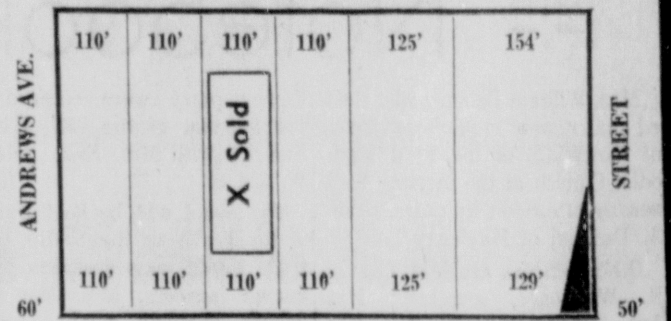

Alternates will be W. C. Huff of near Chester, who polled 40 votes, and Plummer Smith of near Pughtown, 35 votes.

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Your column is a study of Man. But what IS Man? Here is my definition: Man is what WOMAN marries. Generally speaking, he has two hands and two feet. But he rarely has more than one dollar or one idea at a time.

Making a husband out of a man is one of the most intricate and challenging forms of plastic art known to civilization. This art requires a knowledge of science, sculpture, common sense, intuition, patience, faith, hope and charity.

It is a psychological phenomenon that a small, tender, soft, violet-scented creature like a woman should enjoy kissing a stubby-chinned, tobacco-and-bourbon-scented thing like a man.

If you flatter a male, you frighten him to death. If you don't, you bore him to death.

If he gets what he wants, he becomes disinterested — and it's the end. If he doesn't get what he wants, he becomes disinterested — and there's no beginning.

If you wear gay colors, eye makeup and startling hats, he

hesitates to take you out. If you wear a tailored suit and a little brown beret, he stares all evening at the woman in gay colors, eye makeup and the startling hat.

If you are a clinging vine, incapable of making a decision, he considers you an idiot. If you are decisive and accomplished, he considers you a machine.

If you are simple and uncomplicated, he longs for a brainy woman with ideas. If you are a brainy woman with ideas, he suspects you are competing with him and eventually he dumps you in favor of a stupid playmate.

What is the solution to this puzzle of human nature, this collage of quirks and contradictions? Who knows the answers? I don't. That's why I'm writing to Ann Landers. — AUGUSTA, MAINE.

Dear Augusta: Woman was not born to understand man. She was born to love him.

Beauty Treatment

Dear Ann: My husband and I own a beauty salon. Last January

one of our clients offered to do our income tax returns and take care of our books in exchange for beauty services. She used to come in every two weeks, so we thought it would be a good deal for all concerned.

I kept track of her "services" and she has averaged two shampoos and sets a week, plus a weekly manicure and pedicure. She has had two permanents and has changed the color of her hair three times. She has had five haircuts and seven touchups.

In other words, she has enjoyed \$638 worth of work since January. This does not include the jars of hand lotion, face cream, hair nets and nail polish she has helped herself to.

My husband and I realize we made a foolish deal. How can we get out of it now?—SAPS.

Dear Saps: The next time the woman comes in, ask her to bring the books and tell her you are knocking off the arrangement. Hire a male accountant and pay him in money — not shampoos.

Ann Landers will be glad to help you with your problems. Send them to her in care of The Review, enclosing a stamped, self-addressed envelope.

Ohio School Board Group To Urge Aid

The Ohio School Boards Association will vote on a recommendation that the State Legislature increase the appropriations for school support at its annual business meeting Nov. 14-15 in Columbus.

The recommendations will be presented to the OSBA delegates by the legislative study and finance committees which studied results of seminars held in 198 communities, including East Liverpool, on school finances and future needs.

A summary of the seminars, the OSBA said, showed the need most often listed was for additional teachers because of large increases in projected enrollments and some other priority listings would require additional instructors.

The next most frequently mentioned need was that of additional funds for increasing teachers' salaries, the report showed.

The seminars also revealed that real estate taxes have about reached a limit and no longer are a primary source for substantial increases in revenue.

At least 50 per cent of the seminars believed the state should pay a proportionately larger share of educational costs, and also reported their communities would support increases in existing state taxes and new state-wide taxes for public education. New tax sources mentioned most frequently were a state in-

come tax and increases in sales and alcoholic beverage taxes.

The OSBA said considerable sentiment was shown to earmark any increase or new taxes for school purposes.

Mrs. Nessie R. Dunlop was elected as the city board's delegate to the OSBA meeting.

300 Due At Club Event At Chester

About 300 are expected to attend the 49th annual convention of the Northern District of the West Virginia Federation of Women's Clubs Saturday in the First Christian Church of Chester.

Mayor Harry Abrams will present the welcome address for delegates from clubs in the Northern Panhandle. The Rev. Earliss Gleaton will offer the morning prayer. Registration opens at 8:45.

There will be guest speakers for both morning and afternoon sessions, plus musical programs. A \$5 award will be given the club with the largest representation. The Chester Arts Club, Chester Women's Club, Chester Civic Club and the Newell Women's Club will be hostesses.

Ford Motor Company warrants to its dealers, and its dealers in turn warrant to owners, as follows: that for 24 months or for 24,000 miles, whichever comes first, free replacement, including related labor, will be made by dealers of any part with a defect in workmanship or materials. Tires are not covered by the warranty; appropriate adjustments will be made by tire companies. Owners will remain responsible for normal maintenance services, routine replacement of parts, such as filters, spark plugs, ignition points, wiper blades and brake or clutch linings, and normal deterioration of soft trim and appearance items. The benefits of the warranty are available to the original purchaser and to subsequent owners of the vehicle during the time and mileage limits prescribed in the warranty.

Here is what it means to you

The new 1963 Ford-built cars and trucks are quality-engineered and manufactured to serve you better and last longer than ever before. The proof is in the warranty... proof of quality unheard of a few years ago.

In fact, it was only two years ago that Ford Motor Company announced the 12-month, 12,000-mile passenger car warranty which became the industry standard as other manufacturers followed Ford's lead. At the same time, Lincoln Continental became the only American-built car warranted for two full years or 24,000 miles, whichever came first. Now, this warranty applies to all Ford-built cars, regardless of price. Why is this possible?

Actually, the new warranty is a natural outgrowth of the engineering leadership that has resulted in twice-a-year (or every 6,000-mile) passenger car maintenance. It goes hand-in-glove with such Ford-pioneered service savers as the elimination of the 1,000-mile inspection... 30,000- to 36,000-mile intervals between major lubrications, 6,000-mile intervals between oil changes and minor lubrications, self-adjusting brakes, aluminum mufflers, and longer-life electrical systems.

These features that save you time and money as you drive are a direct reflection of the total quality achievements of Ford Motor Company.

Kiwanis Hears Betts

City School Levy Needs Discussed

The need for East Liverpool school district to remain competitive with other districts in faculty salaries was underscored by Supt. Ralph Betts at a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

"East Liverpool pays teachers far below salaries of cities of comparative size and below our immediate neighbors," Betts declared in a talk on educational improvements and finances.

"GONE is the day when the school official could wait in his office, confident that ample applications would be received to fill his faculty — obtaining teachers today is highly competitive," he declared.

He said East Liverpool must be more competitive to seek new teachers and to retain the present good professional people.

In urging support for approval of a proposed renewal of a 3-mill levy and a new 2-mill levy for operating expenses in the Nov. 6 election, Betts said that East Liverpool has the next-to-lowest tax millage of the 11 school districts in Columbiana County — 22.8 mills compared to 22.4 mills for United Local, the lowest, and 29 mills for Salem, the highest.

MOREOVER, East Palestine, Fairfield-Waterford and Wellsview are also seeking increased levies in November, thus if East Liverpool levies are approved, the city district will still be only about average for the county, and under the state average.

Betts said the Board of Education had proposed the levies upon the recommendation of a Citizens Committee, which had studied the

financial picture of the district as a result of a request of the Ohio School Boards Association.

The superintendent spoke on various advancements in education in general, some being utilized in East Liverpool or under survey. The changes included team teaching, programmed instruction with the use of teaching devices, television instruction, foreign language classes in the elementary schools, advanced reading in secondary schools, ungraded primary and other improvements.

HE SAID teaching devices are being utilized for comparison with conventional methods in East Liverpool mathematics classes, and developmental and remedial reading is offered in the upper grades.

Betts said the ungraded primary — in which students advance at their own learning rates in the primary school without divisions into Grade 1, 2 and 3 — and team teaching are being studied by an education committee for use here.

In mathematics, where the greatest changes have been made in recent years in this nation, East Liverpool two years ago combined plane and solid geometry and last year introduced algebra in the eighth grade for top students. These changes have left room in the senior curriculum for advanced math instruction.

THE CITY schools this year began a diversified co-operative training program by which students not intending to go to

college go out and work on jobs for a half day then return for classroom instruction. About 18 students are studying to be auto mechanics, machine shopworkers, dental or medical assistants, carpenters or other occupations.

"Quality education still depends on one most important ingredient, however," Betts said, "and that is the classroom teacher."

He said certain teacher salaries may be more than some people in the area earn, but these schedules still are less than other districts and this poses a serious problem for the city educational program.

"WE FEEL WE have, for the most part, a good faculty here, one which we can put up against any professional staff of comparable cities elsewhere."

"Only the people of the district can make the decision on this matter. The Board of Education and administration would be remiss in their duties if they did not bring the problem to the people, but it is up to the people to decide," he said.

"We hope you will support the levies," he concluded, "and will use your influence to have others support them."

Senior Citizens To Attend Show Of Ice Capades

Final plans for attending the Ice Capades in Pittsburgh were made at the meeting of the Senior Citizens Group Thursday afternoon in the VFW Hall. About 70 attended.

The group will meet at 11:30 Saturday morning at the Bus Terminal for the trip.

Mrs. Rosella Hickenbottom, advisor, presided. Members gave The Lord's Prayer, a salute to the flag and sang "America." Mrs. Bertha Garwood, chairman, reported on the public card party held Wednesday. Prizes went to Mr. and Mrs. Floyd Shane, Mrs. Lillian Cole, Dean Rommen and Everett Naki. She announced another is scheduled Oct. 17.

The group was reminded of the "Travelogue" sponsored by the Quota Club for four consecutive Tuesdays beginning Oct. 16 at Westgate School. They will be given tickets at half price. Proceeds go to the Speech and Hearing Clinic.

It was announced Rep. Wayne Hays will speak on medical care at a meeting in the near future. Cards, games and crafts were enjoyed during the social hour. Refreshments were served. Guests were Mr. and Mrs. John Rueter of Lisbon and Mrs. Dora Groomes.

Those with birthday anniversaries in August, September and October will be honored at the meeting Oct. 25. The City Federation of Women's Clubs will provide the cake. Next meeting is Thursday.

Hints from Heloise

— By Heloise Cruse —

Dear Heloise: I discovered the secret for wrinkling of nylon, dacron and all the "lons" when we put them in our dryer. My answer: Too darn much heat. And we dry clothes too long! What we wives try to do (and we think it is a saving) is try to throw too much in the dryer at one time! I have found that if I put too much in my dryer that the wrinkles set.

For my husband's drip dry suits, my treated cottons, yes... and even my old percale linens, my solution was to remove them from the dryer before they were completely dry. I hang the clothes which do not have to be spot ironed on coat hangers immediately. By pulling the seams where the stitching is with a "quick jerk," little puckers are eliminated along the edges.

On the things that must be spot ironed, I never let them set on hangers for long. I iron these immediately while they are still damp dry and the dampness has penetrated into the fibers.

WYNONA

Help!

DEAR HELOISE: I have a complaint that I am sure you have received before. Bath towels which we send to the laundry come back with a little piece of tape on them containing a code number. Would you tell me how these can be removed without pulling them off? I find that when they are pulled off it pulls the little threads out of the towel, which completely ruins the towel.

Please, don't tell me to do any

own laundry to prevent this! I don't have any facilities.

GUSSIE WALKER

I know just what you mean. The only answer I have found to keep the threads from pulling out is to apply a warm iron to this little tab and then remove it.

If anyone has a better idea, send it in. We are open for all suggestions. Write to Heloise in care of The Review with your complaints, hints, ideas and problems. I'm here to help you.

HELOISE

Professional Tip

DEAR HELOISE: We read with interest the inquiry about how one irons and washes corduroy.

As a manufacturer of corduroy, I should like to give my opinion. A dryer does make corduroy soft and velvety, the way it looks when it is new. Corduroy like any cotton which is hung up and dried indoors after washing does have a tendency to become stiff. We recommend drying in the sun... which will soften the corduroy.

If indoor drying cannot be avoided, light ironing on the reverse side, preferably with the steam iron, will soften the cloth and restore it to a soft and velvety hand.

Ashland Oil, Another Firm Plan Pipeline

Ashland Oil & Refining Co., which operates a Wellsview river terminal, and Placid Oil Co. of Shreveport, La., were to begin construction today on a new 67-mile crude oil pipeline from Searcy to Delhi, La.

Initial capacity of the new 12-inch line is expected to be 14,000 barrels a day, and it will have a potential capacity of 60,000 barrels a day.

Ashland and Placid have formed a new corporation, known as Parish Pipe Line Company, to operate the jointly-owned line.

1 Killed In Wreck

EATON, Ohio (AP)—A three-car collision on U.S. 35 east of West Alexandria Thursday night killed one of the drivers, Joseph Tobias, 18, Rt. 1, New Lebanon. Sheriff's deputies said five other persons were injured in the wreck.

Meeting Set To Form Rifle Club For Youths

Organization of a junior rifle club in Wellsview under sponsorship of the Wellsview Junior Chamber of Commerce will be outlined at a meeting Monday at 8 p. m. in Carnegie Library.

Dan MacLean, chairman, said the meeting is open to boys and girls between 12 and 18 and urged fathers to attend so the purpose of the club, cost and other details can be explained.

MacLean said the club will be affiliated with the National Rifle Association. The city has given its permission for use of the third floor of City Hall for the rifle range, he said.

The range was located at the same place when the city previously had both junior and senior clubs, he explained.

6 Area Young People Hurt

Six area young people, including a boy hurt playing football at Glenmoor School, were treated at City Hospital Thursday.

John Haney, 10, son of Robert Haney of Hoffman Acres, suffered possible back injuries while playing football at the school early yesterday afternoon. He was released.

Melanie Packman, 9, daughter of Willard Packman of Bell School Rd., was treated last night for a laceration of the forehead received in a fall against a kitchen cabinet at home.

William Smith, 15, son of Atty. Donald Smith of Mayberry Ln., suffered a laceration of a finger of the right hand on window glass.

In a fall from a bicycle, Teresa McDonnell, 11, daughter of Donald McDonnell of Boyd Rd., received a laceration of the knee.

Woodrow Thompson, 7, son of Woodrow Thompson of Wellsville, was treated for abrasions of the left side of the head received when struck by a stone thrown by another student.

John Petroff, 1, son of Joseph Petroff of Fairlane Dr., Industry, suffered a bruise of the head in a fall on the floor at home.

Kensington Area Woman Injured

A Kensington area woman received a minor foot injury in one of two district traffic mishaps reported Thursday by the Ohio Highway Patrol at Lisbon.

A car operated by Adam J. Frischkorn, 73, of Wellsville R. D. 1 made a left turn off a road onto Route 158 into the path of a station wagon operated by Charles W. Crawford, 31, of Kensington R. D. 1 about 5:20 p. m.

Maybelle Crawford, 29, of Kensington R. D., passenger in the station wagon, received a bruise of the right foot. Damage was moderate, officers said.

Lewis H. Hughes, 72, of 1515 W. Taggart St., East Palestine, was cited after his car hit the rear of one operated by Walter Spellman, 25, of Youngstown on Route 14 about three miles east of Route 7 at 7 p. m. Spellman had stopped to make a turn.

The Rhine River and the Rhone River originate in Switzerland.

Awards Given 14 Lions At Midland

Presentation of service awards to 14 members highlighted the meeting of the Midland Lions Club Thursday night at Deramo's Restaurant.

Receiving 15-year membership awards were Nicholas Derramo, Ben Kaye, Maurice Newman, L. F. Pickering, Truman E. Rodfong and Nile H. Wain.

Pins for 10 years service went to Paul Adams, Glenn Dawson, Louis Glumac, John L. Haggerty, Claude Reed, Leslie B. Roach, Paul Schlosser and John Shannon.

Newman, chairman, reported the club grossed \$1,700 on its sale of brooms and light bulbs.

Roach, president, announced the clubs in the new Lions' district will meet Oct. 20 at 6:30 p. m. in Butler.

Newell Lions To Sell Brooms, Other Items

Annual sale of brooms and other household items will be held Monday night by the Newell Lions Club with proceeds to be used for the sight-saving project.

Richard Smith, chairman, said the house-to-house solicitation will start at 6 with most of the club's 22 members expected to participate. Persons not contacted then may buy the items at Dunlevy's Cleaning Shop on 5th St.

Philadelphia Family Sues Ohio Drug Firm

PHILADELPHIA (AP)—A suburban Philadelphia family has filed a \$2.5 million damage suit against a Cincinnati drug firm. The family charges that their son was born without arms as a result of the drug thalidomide.

The father, Thomas Dixon Diamond, sued in U.S. District Court here Thursday on behalf of himself, his wife and the boy, 18-month-old Thomas David, born April 6, 1961.

Not Dead Yet, Young Says

U.S. Population Seen Out-Voted On Medicare

By NEIL GILBRIDE
WASHINGTON (AP) — Sen. Stephen M. Young, D-Ohio, figures a majority of the nation's population was out-voted when the Senate killed President Kennedy's program for medical care for the elderly.

"The facts are that figuring the population of the states where 48 senators voted in favor of hospital care for the elderly, the population represented a total of 105 million people — whereas the people of the states represented by the 52 senators voting against the program represented only 73 million people," Young said.

Young said the President's program of medical care, tied to Social Security, isn't dead yet. It's a task for the new Congress which will meet next January, he said.

Ohio's Rep. William H. Ayres, Akron Republican, won the good will of a couple of voters the other day. The only trouble is, they live in Connecticut and can't help him at the polls.

Riding in a capitol elevator, the 14th District congressman heard the couple complaining that they couldn't get into the House gallery. One of their two small children, a little girl, piped up and said, "Oh, let's go to the zoo instead."

Ayres ordered the elevator back up and ushered the New England family into the gallery reserved for families of members of Congress, overlooking the House floor.

Ayres told the little girl, "You can see more monkeys down there than you can in the zoo."

There was an Ohio apple on the desks of every member of the House recently, compliments of Rep. Walter H. Moeller, 10th District Democrat from Lancaster.

Moeller informed his colleagues in an accompanying letter that the fruit was "King Apple—the pride of Jackson County — and one of the major agricultural products of Southeastern Ohio."

Rep. Tom V. Moorehead, Zanesville Republican, sometimes wishes Calvin Coolidge were president again.

30 At McKinley Group Luncheon

Some 30 attended the luncheon of the homeroom mothers and women of the Executive Board of the McKinley Parent-Teacher Association Tuesday afternoon at the school.

Mrs. Ruth B. Armstrong, principal, extended the welcome. Announcement was made of the opening meeting for the association Tuesday at 7:30 p.m. The Executive Board will meet at 6:45 and the teachers will be in their rooms to confer with parents at 7.

Mrs. Richard Forzano, Mrs. Sam Parkes, Mrs. Margaret Ferguson and Mrs. Donald Skidmore were hostesses. The buffet table was centered with an arrangement of fall fruits and tapers. Mrs. Skidmore poured at the gold pottery coffee service.

Financial Report Due By Firm On Amendment Plan

CLEVELAND (AP) — William Howlett, board chairman of the Lawson Milk Co., says the amount spent to support a proposed Ohio constitutional amendment on Sunday closing will come to several hundred thousand dollars by the time the issue goes to a vote Nov. 6.

The firm was to file a financial statement today on expenditures in its campaign to get the proposed amendment on the November ballot. Howlett said Thursday night solicitation work on petitions cost about \$50,000, of which about 10 per cent came from sources outside the company.

The financial statement was prepared after opponents of the amendment brought to the attention of Secretary of State Ted Brown that such a statement is required by law within 30 days after filing the petitions. The petitions were filed Aug. 8, but Brown said no action would be taken against the company.

Howlett said failure to file the financial statement in the required

30 days was an oversight on the part of Lawson and the secretary of state.

New Year's Fete Set By VFW Post

Melvin Boggs was named chairman for the annual New Year's Eve party when Wellsville VFW Post 9285 met Wednesday night in the post home.

Plans were also discussed for Christmas activities, with a committee to be named at the next meeting.

Ed Parker, commander, presided. Dues were set. The fees include the cost of insurance coverage. The new VFW insurance plan raises the rates by \$1.25 annually.

The membership drive is under way, with about 10 new members enrolled. The campaign will extend to Nov. 17, date of the district meeting in Dover.

Parker reported on the last district meeting Sept. 18 in Massillon. The post will host a meeting of the County VFW Council Wednesday night.

Next meeting is Oct. 17 with Supt. Lowell B. Myers of Wellsville schools to be speaker.

Commissioners Pay City \$35 In Dog Fees

LISBON — Columbiana County commissioners Thursday paid East Liverpool city \$35.50 for 71 dogs and Wellsville \$50.50 for 101 dogs destroyed during September. In other business, they authorized

payment of \$22.70 to Al Ruttecki, Columbiana County Civil Defense director, to go to the surplus commodities store in Columbus to obtain four refrigerators for the two hospital units now stored in the old Lincoln building on N. Market St. They will be used to refrigerate drugs.

Sitcom Seasons Gets Off To Slow Start

The short fat lady at our local laundry who encircles my very small son's very small shirt with a band that reads "Don't Kill Your Wife With Washing! Let Us Do It!" should be employed immediately by Desilu, Four-Star Productions, or one of the other packagers of situation comedy. Her unpremeditated biffs, yaks and grabbers — if this is a typical example — are just what the season is rife with.

The situation comedy industry (hereafter known as Sitcom) must have as many short fat ladies in its employ as the Department of the Army has Pfc's.

WHEREVER you flip your dial these days, you find Buddy Ebsen, Allyn Joslyn, an ensign named O'Toole and a veterinarian named McKay reading their laundry bands out loud.

The level of the satire, I think, is exemplified by the various Japanese dialect exchanges on the opening program of "Ensign O'Toole." A young Japanese poker player announced his hand as a "crub frush"; he temporarily rejected a bank check with the words, "Only thing rike money is money"; his comment upon a Navy vessel's fuel capacity was, "That's a rot a gasorene."

The high point of the "McKeever and the Colonel" opener had Allyn Joslyn as the frenetic chief of a boys' military academy shaking hands with his nasty little enemy, McKeever. He gets a handful of fudgesicle and then proceeds to wipe the stuff across his face in a gesture made famous by the late Edgar Kennedy.

AT THE FADEOUT, Mr. Joslyn is prone on the turf, kicking his feet in silent fury. As Sitcom programs go, "McKeever" is hardly a crub frush. But it's got a rot a varo. — I mean valor — and pruck.

With the lone exception of "McKeever," most of the new Sitcoms have their wee compensations.

As Ensign O'Toole, Dean Jones is refreshingly erudite amid the crop of Sitcom nincompoops. And "Don't Call Me Charlie!" — though peaced at about the speed of a far-sighted needle threader — has an occasionally witty line, thanks to its writer-producer-director, Don McGuire.

Buddy Ebsen and Irene Ryan of "The Beverly Hillbillies" are comedians of substance. Miss Ryan — she plays Granny — is happily blessed with a small, fierce, retractable chin that should come in handy when the jokes get scarce.

Finally, we have a star and a situation — Fess Parker in "Mr. Smith Goes to Washington" — around which some good political satire could be woven. Unfortunately, the satire on the first episode was nonexistent.

THE SITCOMS of the past —

the successful ones, that is, like "Bilko" and "Beaver" — have been relatively simple in the plot department, fastening on traditional (barra-ks room) and homey (small boy) subjects.

Some of the new shows run into trouble, I think, through their very complexities. "Charlie," for example, has a veterinarian in the Army in Paris when (perhaps) a veterinarian NOT in the Army NOT in Paris would lend himself to funnier situations.

And maybe "The Beverly Hillbillies" would be more droll if THEY stayed at home, too.

OF THE NEW Sitcom batch, I guess I like "I'm Dickens, He's Fenster" the best.

The program has a vintage feel to it — vintage Harry Langdon, approximately — though it's a far cry from the brilliant slapstick comedies of old.

Still, there's style in the show's pitfalls and blackouts, and it has a couple of attractive clowns in Marty Ingels (the one who talks like a pencil sharpener) and John Astin (the one with the pre-Civil War haircut).

The Sitcom season, you might say, is off to a fairly rousy start.

Burglars Get Drinks, Cash

East Liverpool police today are investigating theft of a quantity of beer and wine from a distributing warehouse, another case in which \$25 was stolen from a parked car and the ransacking of a home whose owner was absent.

In a burglary at the Iron City Distributing Co. on Market St., intruders obtained 12 bottles of beer, four bottles of champagne and a half-gallon decanter and a pint bottle of wine, officers said.

C. H. Christ, manager, reported the loss. He said intruders broke a door at the rear of the building sometime between 6:40 p.m. Wednesday and 7:30 a.m. Thursday. The theft report was filed at 11 a.m.

Frank B. Newtwick of Minerva St. told police \$25 was stolen from his 1954 model auto while it was parked on Ravine St. between midnight and 1:40 this morning. The thief also took other documents, including insurance papers for the auto, and a flashlight, Newtwick said.

Mrs. Loretta Maloney, 1027 Peake St., returned to her home Thursday night after a long visit in Cleveland and found the house had been entered and ransacked in her absence, but apparently nothing was taken, police said.

Entrance was gained by breaking a window, police said. Mrs. Maloney said she had been visiting in Cleveland since August. She promised to check further for possible loss today and advise police.

Increase Shown For Sales Taxes

Sales tax collections in Columbiana County total \$310,242 since the start of the current fiscal year July 1, an increase of \$33,441 over the \$276,801 shown in the comparable period of the preceding fiscal year, State Treasurer Joseph T. Ferguson reported today at Columbus.

The collections hit \$20,557 in the week ending Sept. 29, off \$13,109 from the \$33,666 listed in the same week last year.

Taxes on auto sales total \$140,985 for the fiscal year to date, up \$25,896 from the \$115,089 shown in the comparable period of the preceding fiscal year. Auto sales taxes hit \$8,978 in the week ending Sept. 29, a gain of \$998 over the \$7,980 shown in the same week of 1961.

Schedule Announced In Food Distribution

Robert Bycroft, county welfare director, today announced dates for distribution of surplus food at five county centers for October.

The schedule follows: Oct. 15 — Wellsville at 11th and Center Sts.; Oct. 16 — East Palestine City Building; Oct. 17 — East Liverpool Central Fire Station; Oct. 18 — Salem City Building, and Oct. 19 — Lisbon warehouse.

Distribution hours will be 9 a.m. to noon. Aid for the aged distribution is scheduled this month along with county, city welfare and soldier and sailor relief cases.

14 Motorists Fined \$525

EAST PALESTINE — Fourteen motorists were fined a total of \$525 and costs Thursday by County Judge Herbert Arfman. Five others forfeited appearance bonds.

Fined for truck overloads were James N. O'Neil of Josephine, Pa., \$69; Richard Dominick of Homer City, Pa., \$203; Louis H. Rulman of North Canton, \$25; Clarence E. Freeman of Syracuse, \$56; Joseph J. Bednarek of Steubenville, \$25; Louis B. Olesky of Youngstown, \$50, and Howard Rambo of East Palestine, \$25.

Others fined were Arnold Weaver of Lisbon R.D. 4 and Robert Boggs of Rogers R.D. 1, \$10 and \$15, respectively, for speeding; Edward Green of New Waterford R.D. 1, \$5 for ignoring traffic light; Lee E. Heaton of New Waterford, \$5 for crossing the yellow line; James R. Higgins Jr. of Negley R.D. 1, \$15 for reckless operation; Alexander Delacruz Jr. of Midland, \$10 illegal passing, and Franklin H. Miller of Lisbon R.D. 1, \$15 for driving left of center.

The fines will be reduced providing that defendants attend the film, "Mechanized Death," which will be shown here Thursday, Oct. 25, at 7:30 p.m. by the State Highway Patrol.

Forfeiting were Bednarek, \$25 for no driver's license; Melvin Spotts of Cleveland and Edgar E. Brostman of Weirton, \$15 each for speeding, Milton Good of Orrville, \$15 for failing to stop with assured clear distance, and John N. Miller of Canton, \$15 for passing at a hillcrest.

Judge Appoints 2

On Board Of Visitors

LISBON — A member was re-appointed and another appointed as members of the Columbiana County Board of Visitors by Probate Judge Louis Tobin Thursday.

Atty. Guy J. Mauro of Salem was reappointed and Mrs. Alice Woolam of East Liverpool R. D. 3 was appointed to succeed Mrs. Gladys Hanna of Lisbon R. D. 4.

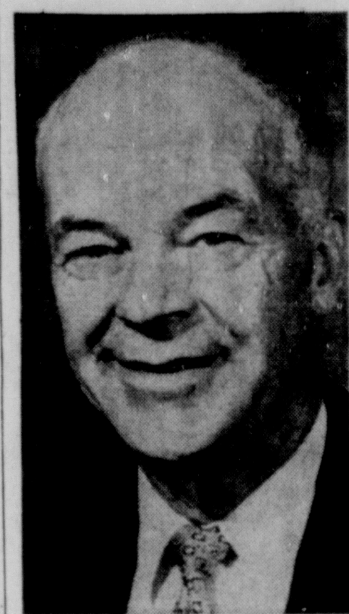

Both terms run to May 1, 1965. Mauro has been a member of the board ever since it was originated by Judge Tobin in May 1952.

7 Teen-Agers Held

CLEVELAND (AP)—Homicide detectives were holding seven teen-agers for questioning in the death of 67-year-old Joseph Furani, who was found injured fatally on an East Side sidewalk early Sunday.

Another Is Promoted

Hancock Man Retires

C. B. MARSHALL

Howard Stillwell of New Cumberland has retired after a 48-year career with the Weirton Steel Co., and another New Cumberland resident has been promoted in the export sales department.

Stillwell has been manager of export sales since 1942 and will be succeeded by Harold C. Woodcock of Weirton, who was formerly assistant manager.

C. B. Marshall of New Cumberland has been advanced to assistant manager of export sales, the company announced.

Stillwell began his employment with Weirton Steel in 1914 as an office boy. The following year he became a clerk in the order department and worked there until 1918. He served in France in the Army during

HOWARD STILLWELL

World War I and was employed by Chelsea China Co. of New Cumberland until 1925 when he returned to Weirton Steel.

After serving in a number of positions in the sales department, Stillwell was named manager of export sales in 1942 and held that position until his retirement.

Marshall, the new assistant manager in export sales, began his career with Weirton Steel in 1936 in the structural sales department, and the following year transferred to the tin plate sales department. In 1939, he was assigned in export sales and in 1961 became co-ordinator of export production and traffic, the position he held until his new appointment.

Suspended Term Given Man After Fight With Police

A Beechwood man facing two charges as an aftermath of a battle with police Sept. 28 was given a suspended 30-day term in County Jail today in Municipal Court after Judge Samuel M. Chertoff was advised the defendant is awaiting admittance to a Veterans Administration hospital for psychiatric care.

Gerald E. Myler, 148 Haywood St., was given the suspended term on a charge of "resisting and interfering" with police. He also was fined \$10 and costs on an intoxication charge.

The charges were filed by Patrolman Charles A. Winters, Of-

ficer Winters testified Myler rushed at him after he was advised not to enter an E. 6th St. tavern because he was intoxicated. The patrolman said Myler grabbed his wristwatch and hurled it across the street, smashing it. He said he then wrestled the defendant to the sidewalk, but the man continued to struggle, kicking him on the back of the head until two bystanders came to the patrolman's aid.

Patrolmen Samuel E. Hayes and K. J. Montgomery aided in placing Myler in a cruiser and taking him to jail, as he continued to struggle and fight, Winters testified.

The defendant's mother, Mrs. Muriel Myler, said arrangements have been made for him to enter a VA hospital and he is scheduled to be admitted as soon as a bed is available. The judge suspended the jail term on condition Myler refrains from drinking or frequenting taverns until he is hospitalized.

Truck Mishap Fatal

IRONTON, Ohio (AP)—Leonard C. Shepherd of Rt. 1, Scotttown, was killed Thursday night when his truck apparently went out of control and crashed into a barn along Ohio 141 about 15 miles northwest of here.

George Washington University's football co-captains are end Paul Mumley of Archbald, Pa., and tackle Cliff Botyos of Teaneck, N. J.

Booster Club Buys Camera

SALINEVILLE — Purchase of a camera was authorized at the meeting of the Southern Local Boosters Club Thursday night at Highlandtown School.

The 16-millimeter movie camera will be used for filming grid games. It will be obtained from Ivan Dye at a cost of \$250.

Use of a section of bleachers from Carrollton High School for the remainder of the Salineville High School football season was announced.

The bleachers, seating about 500, will be transferred to the Salineville field on a loan basis for use in time for Saturday's grid game.

Plans were discussed for "Parents Day" at the Salineville-United grid game Oct. 27, and for operating a concession stand at tomorrow's game.

Film of the Saturday game will be screened at a special meeting Tuesday night. Next meeting will be Nov. 1 at Franklin School.

SBA Scheduled To Open Branch Unit In Columbus

WASHINGTON (AP) — The Small Business Administration will open a branch office in Columbus, Ohio, Rep. Walter H. Moeller, D-Ohio, announced today.

The office, Moeller said, will be established to better serve Southern and Southeastern Ohio. The congressman from the 10th Ohio District has been urging such a move.

The Lancaster Democrat said the office will open as soon as adequate space and an appropriate staff is secured, or by the end of the year at the latest.

"I am delighted that the Small Business Administration has again demonstrated its sincere interest in better serving the financial needs of the business community of Southern and Southeastern Ohio," Moeller said, adding:

"I believe that this progressive move will make a substantial contribution to our continuing efforts to promote the economic development and improve job opportunities in our part of the state."

Wellsville Autoist Cited At Salineville

Gary Call, 19, of 18th St., Wellsville, was cited on two traffic charges Thursday night by Police Chief Roy Lewis of Salineville at the intersection of Route 164 and 39.

Call post \$10 bond for a hearing Tuesday before Mayor Stanley Fitch on charges of failure to halt for a stop sign and reckless operation.

Gary Peoples, 17, of Mechanicstown R. D. 1 last night agreed to pay \$53 damages to the car of Francis McPherson of Salineville R. D. 1, which occurred Monday night when the youth's motorcycle struck the auto. Peoples last night conferred with James Miller, county juvenile officer.

Missing Boy Found

FORT BRAGG, Calif. (AP)—A search party of honor prisoners found a 3-year-old deaf-mute boy Thursday night who had been missing 24 hours in rugged country near this coastal community.

Timothy Lee Spreuser was lying in dense brush about three-quarters of a mile from where he had wandered away from his grandparents' home at nearby Little River Wednesday. He was apparently unharmed from the ordeal but was hospitalized for observation.

Steps Taken To Form Ohio Research Unit

CLEVELAND (AP)—James J. Nance says he has discussed a proposed Ohio Research and Development Board with top officials in government and industry and "I know that it is as much in the interest of the nation as Ohio that we get to work on this problem."

Nance, president of the Central National Bank of Cleveland, announced a 14-member executive committee Thursday and set Oct. 26 for an organizational meeting at Battelle Memorial Institute, Columbus.

The executive committee includes educators, scientists and businessmen. When fully organized, the board will comprise 100 to 150 members, Nance said.

The volunteer group will conduct a program to (1) inventory and evaluate Ohio's research and development capabilities in schools and industry, (2) analyze how well these capacities are being used, "particularly by the federal government's programs of contracts and grants," and (3) make plans to improve collaboration between higher education and industry in order to bring about maximum use of the research and development capacities.

Plans will be made also to increase these capacities as necessary, Nance added.

Walkout By 500 Closes Facility

ELYRIA, Ohio (AP)—The Elyria plant of the Western Automatic Screw Machine Co. was shut down after some 500 production workers walked off their jobs Thursday. The company said it had not been informed of the reason for the walkout.

The workers are members of United Auto Workers Local 101, whose contract with the company runs until 1964.

Richard A. Stith, the company's attorney, said the firm was given no advance notice of the walkout. He said several grievances had been under negotiations for some time, he did not know the specific reason for Thursday's work stoppage.

C. Franklin Carr, UAW international representative, refused to comment on the walkout. He was to meet today with company negotiators.

Catholic Women Set Day Of Recollection

The Columbiana County Deaneary of the National Council of Catholic Women will sponsor a Day of Recollection Sunday, Oct. 14, at St. Aloysius Catholic Church.

Mrs. Louis Tobin, publicity chairman, said Fr. Emil Kalafut, assistant superintendent of schools of the Youngstown Diocese, will conduct the exercises.

Reservations may be made with Mrs. Hugh McTeague, 302 Drury Ln., until Thursday at FU. 6-4402. Mrs. George Beck of East Liverpool is the general chairman.

Bowling Lanes Head Killed In Car Mishap

RUSSELLS POINT, Ohio (AP)—William H. Dimmitt, 56-year-old proprietor of the Indian Lake Bowling Lanes, died early today in a single-car accident on Ohio 69 about 1½ miles north of nearby Lakeview.

The Highway Patrol said the car driven by the victim apparently headed home from the bowling lanes, skidded about 1,000 feet and crashed into a tree. Dimmitt was alone.

Fire Station Visits, Displays Mark Fire Prevention Week

Displays in four business places, open house at all fire stations, inspections of schools and commercial buildings and distribution of literature will highlight Fire Prevention Week starting Sunday.

Talks on fire prevention will be given Tuesday at McKinley, Lincoln, Horace Mann and Neville buildings and at Taft on Oct. 22. Other schools heard the talks earlier.

School buildings will be inspected and fire drills will be held next week in addition to the customary inspection of commercial buildings.

Anyone may visit the four stations next week to inspect the quarters and equipment, firemen stressed.

However, Cub Scout, Boy Scout, Brownies and Girl Scout units desiring to visit one of the stations have been asked to call firemen on the non-emergency number, 385-1117, to make arrangements to avoid conflicts.

Displays will be set up at the D. M. Ogilvie & Co., Montgomery Ward & Co., Keys Co. and Sayre Electric and Nationwide Insurance will display pamphlets on fire prevention and safety, firemen said.

The observance is sponsored by the safety committee of the Chamber of Commerce and local fire insurance underwriters with firemen and Local 24, International Association of Firefighters.

New Gas Line Link Set For Steubenville

Deliveries of gas to the eastern seaboard over the Little Big Inch pipeline will commence early this fall, according to Millard K. Neptune, senior vice president of the Texas Eastern Transmission Corp. at Houston, Tex.

Allegheny Pipeline Co., a wholly-owned subsidiary of Texas Eastern, has commenced construction of 217 miles of 8-inch pipeline from the Little Big Inch Todhunter terminal, near Middletown, to Steubenville. At Steubenville the new line will connect with an existing 6-inch pipeline which will deliver butanes to refineries in the Philadelphia area.

The snail, slowest moving creature, covers a mile in three weeks.

No Opposition Heard On Train Station Ban

COLUMBUS, Ohio (AP) — No opposition was voiced Thursday during a Utilities Commission hearing on a move by the New York Central and Nickel Plate Railroads to discontinue service to their East Cleveland station.

Witnesses for the railroads said the lines would save \$38,000 annually if allowed to close the station. The commission has received a letter from the East Cleveland City Commission stating the group would not object to discontinuing service.

The present station is about 15 minutes by rail from the Cleveland terminal which would serve the area.

The commission's examiner, who heard the testimony, will review transcripts and then make a recommendation for action to the entire commission.

Allen Picks Yankees, Of Course...

If Bernie Allen was a betting man, which he isn't, his money would be riding on the New York Yankees in the World Series.

Bernie, who returned home last Sunday from the baseball wars, made the prediction before Thursday's World Series opener.

Allen is an American League man, of course, and he said "I'll have to stick with the Yankees. I have seen enough of them and know what they have. Of course, I don't know too much about the Giants, we never played them in spring training."

Praises Tresh And Rodgers...

BERNIE is one of the leading candidates for rookie-of-the-year honors in the American League which will probably be announced within the next few weeks.

However, the East Liverpool lad speaks highly of two other outstanding rookies — Tom Tresh of the Yankees and Bob Rodgers of the Angels.

Named To All-Rookie Team...

MORE honors have been piled on Bernie since the regular American League season ended. He has been named to the fourth annual rookie all-star team sponsored by Topps Chewing Gum Co. of New York. The players are picked by a vote of every major league player, coach and manager.

Allen was installed at second base on the team, being picked over Ken Hubbs, the Chicago Cubs' great fielding second baseman. He joins such rookie standouts as Tresh, who was named at shortstop; Ed Charles of Kansas City, third base; Fred Whitefield, St. Louis, first base; outfielders Boog Powell, Baltimore, Manny Jimenez, Kansas City, and Al Luplow, Cleveland. Rodgers of the Angels is the catcher while the pitchers are Al Jackson of the Mets and Dean Chance of the Angels.

The team will be honored at an awards luncheon in New York following the World Series.

EAST Liverpool handed New Philly its latest defeat, a 26-6 setback a week ago. Meanwhile, Wellsville with one win in four outings will be attempting to get over the loss to Midland last week.

Coach Dom Amedeo's Panthers seek their third straight win and fourth in five games when Springfield Local marches into City Park tonight.

Chester, after losing to Malvern in its second game, has come back to rout South Side and edge Newell.

NEW CUMBERLAND will be attempting to get above the .500 mark tonight when the Raiders play host to Follansbee St. Anthony. Coach John Kuzio's team enters the encounter with a 2-2 record.

In the Tri-County League, Lisbon (3-1) visits East Palestine (2-2) and Leetonia (2-2) meets Minerva (3-1).

The four-game victory streak by Salem could very well come to an end tonight when the Quakers go to Marietta to meet the state's ninth ranked team.

ONE OTHER contest finds Crestview going after its second victory in four starts at McDonald.

An inter-county battle and homecoming will mark the Beaver Local-United tussle on the Beaver Local gridiron Saturday night.

The Beavers will be shooting for their fifth straight against a United team which has won two while losing a pair.

Last season at this time both teams were undefeated when they met, but Beaver Local came away with a 12-0 win.

Terry Out To Make It Two Straight After Yanks Take Opener, 6-2

By JOE REICHLER
Associated Press Sports Writer
SAN FRANCISCO (AP) — The San Francisco Giants were in their usual position of having to battle back today as they faced the New York Yankees in the second game of the World Series, one down following Thursday's 6-2 opening defeat.

Manager Alvin Dark, still confident his Giants will win the Series, pinned his hopes on Jack Sanford, the big right-hander who won 24 of 31 decisions during the regular season. Ralph Houk, the Yankee mentor, selected his best right-hander, Ralph Terry, who topped the American League pitchers with 23 victories. He lost 12.

Satisfied with his team's fine all-around performance in the series opener, Houk planned to use the same line-up that rapped Giant pitching for 11 hits, including a home run by Clete Boyer, and brought the Yankees their fourth

straight World Series triumph over the Giants. The Yankees won the last three games in 1951, the last time the two teams met.

Dark decided on several changes. He benched Orlando Cepeda, Harvey Kuenn and Ed Bailey, inserting left-handed hitting replacements Willie McCovey at first, Matty Alou in left field and Tom Haller behind the plate.

Bailey is a left-handed hitter, too, but Haller, a former Illinois quarterback, normally catches Sanford. Haller suffered a cut on his right forearm in the second playoff game last Tuesday. The wound required six stitches.

"I want to play," said Haller. "The stitches won't matter."

Kuenn and Cepeda failed to get a hit Thursday as Whitey Ford tamed the Giants on 10 hits for his 10th World Series triumph. Cepeda, the National League's leading home run hitter and runs batted in leader in 1961, left four runners on base and hit into a

double play to kill off a promising Giant rally.

"Orlando is worn out," said Dark. "Including winter ball, he has played 260 games since last season. I'm not in favor of winter ball for fellows who play regularly in the major leagues."

Off to a shaky start, Ford got better as the game progressed. He permitted only two hits after the fifth inning and struck out Mays in the eighth after Willie had cracked three line singles in his first three times at bat. Including All-Star games, Mays now has nine hits in 11 times at bat against the brilliant Yankee left-hander.

"If Willie has a weakness, I haven't found it yet," remarked Ford. "But that's nothing to be ashamed about. He's only one of the greatest hitters I've ever faced."

"At that," Whitey added, "I have a better record against him in World Series than in All-Star games. I held him to a .750 batting average today (3 for 4). In All-Star games, he's hitting over .800 against me (6 for 7)."

Sanford has never pitched in a World Series. Terry's World Series record is 0-3. He has appeared in four games, three as a starter. It was Terry who threw the home run ball to Bill Mazeroski in the ninth inning of the final 1960 series game that gave the Pittsburgh Pirates the world championship.

If Mays Has Weakness, Ford Hasn't Found It

By JACK HAND
Associated Press Sports Writer
SAN FRANCISCO (AP) — "If Willie has a weakness I haven't found it yet," Whitey Ford grinned when he said it, poking fun at himself in an hour of victory.

Ford had just won a record 10th World Series game for the New York Yankees, beating the San Francisco Giants 6-2 in the opener at Candlestick Park Thursday. The Giants got 10 hits and Willie Mays had three.

"I should be happy," said Ford. "Willie is only hitting .750 against me in the series. Actually, I'm improving. In All-Star games he's hitting around .800 (6 out of 7) against me. He's one of the best hitters in baseball. I don't feel too bad."

Ford struck out Mays the last time up.

The 33-year-old Yankee southpaw broke a record by just showing up for the opener. It was his ninth series, most of any pitcher. Ford already held that record and extended several other marks. This was his 17th series start and 17th game. He has 118 innings, 76 strikeouts and eight putouts, all records.

One of Whitey's streaks ended when the Giants squeezed home a run in the second inning on Jose Pagan's bunt. He had not allowed a run over 33.2 innings starting with Oct. 8, 1960 against

Pittsburgh. He broke Babe Ruth's old mark last year.

"I wasn't concerned about the streak any more than I was concerned last year when I set it. I've got too many other things to think about when I'm pitching."

Series Anti-Climatic To Some Of The Giants

By JACK STEVENSON
Associated Press Sports Writer
SAN FRANCISCO (AP) — The San Francisco Giants battled today to overcome the psychological letdown from their frenzied National League pennant race.

Players blamed the letdown as much as Whitey Ford and Clete Boyer for the 6-2 New York Yankee victory in the opening game of the World Series.

Manager Alvin Dark denied his club was tired and credited the Yankee victory of fine pitching by Ford.

Quarterback Chris Thornton figured in all the scoring as Wellsville's Junior High eleven blanked Westgate, 18-0, Thursday at Patterson Field.

The victory was the second of the season for Wellsville while Westgate now stands 1-1 for the campaign.

Following a scoreless tie in the first half, Thornton sparked a second half drive by scoring one touchdown himself on a 35 yard jaunt and firing two TD passes.

His first scoring pass went to Fred Wilson on a play covering 30 yards and the other covered 60 yards to Terry Van Dyke.

Coach Kyle Baker also praised the work of fullback Bob Stevens, tackle Bill Pease and center Ralph Monte.

East Junior Takes First

East Junior High cashed in with its first victory of the season with a 24-16 win over Toronto on the East End gridiron Thursday. The Panthers now stand 1-1.

Dan Roach got the Panthers off on the right foot when he shot over from five yards out then added the two-point conversion.

Nick Marchbanks raced 35 yards in the second quarter with Roach converting again to push the score to 16-0. East Junior also recorded a safety in the second period when Dewayne Lacey tackled the Toronto quarterback in the end zone.

East's final TD came when Tom Hansen intercepted a Toronto pass and raced 65 yards.

Toronto scored lone touchdowns in the third and fourth quarters.

East travels to East Palestine next Wednesday.

Newell Ends 23-Game Losing Streak; Trips Rams, 33-0

Wiersbicki Scores 3 TD's In Homecoming Win For Vikings

"It was a long time coming," said coach Pete Horosko as he changed clothes after emerging from the shower where his jubilant Newell Vikings pushed him following a 33-0 win over South Side at Newell's Memorial Field Thursday night.

The win marked the first time in 23 games that the Vikings have emerged victorious in a football game. The Vikings tallied in every quarter to add an even gayer air to the homecoming festivities.

ED WIERSBICKI was easily the standout on the Viking squad as he carried across three of the Newell touchdowns. The first score came in the first stanza after Tom Franczek fell on a South Side fumble on the Rams' 30-yard line. Newell advanced the ball to the 23 from where Wiersbicki took it over the goal line. The kick for the extra point by Denny Smith hit the goal post and was not good.

Newell hit paydirt two more times in the first half as Franczek again recovered a South Side fumble on the Rams' 30. Newell drove to the three-yard line. A penalty put the ball on the one-and-a-half yard line from where Wiersbicki went over on a slant. Smith again missed the try for the extra point.

Halfback Bill Monroe concluded the first half scoring with a four-yard run. Wiersbicki tackled on the extra point as Newell took a 19-0 halftime lead to the locker room.

THE THIRD quarter saw the Vikings tallying again as they started a drive on their own 28 and advanced the ball to the 46 from where Wiersbicki got loose for a 54-yard jaunt. Wiersbicki passed to Franczek for the extra point.

Newell managed another threat in the fourth quarter before scoring its final touchdown when a pass from Smith to Franczek carried 78 yards to the South Side five-yard line. However, a fumble recovered by the Rams stalled that threat.

The final Newell tally came on a 56-yard pass play from quarterback Jim Johnson to Franczek. Sophomore Neil Rayle plunged over for the final point.

FUMBLES proved costly to the Rams on a muddy field and several times stopped Newell drives.

The Rams managed to dent the goal line late in the first half when Jerry Skolnekovich took a pass from Ashcroft and lateraled to Bill Cooper as he was tackled. Cooper rambled for 80 yards into the Newell end zone, but the score was called back when the officials ruled a forward lateral from Skolnekovich to Cooper.

Newell takes on their county rivals, John Kuzio's New Cumberland Blue Raiders, next week at the latter's field. Dave Nicol's South Side Rams will journey to Laurel Jointure next week in search of their first win of the season.

Miami Faces Major Test In Florida St. Tonight

By BOB GREEN
Associated Press Sports Writer
The Miami Hurricanes, who just this week barged into the select list of the nation's top college football teams, face a major challenge to that high standing tonight in rugged and underrated Florida State.

Coach Andy Gustafson's Hurricanes, who gained the No. 9 spot on the weekly Associated Press ranking of the nation's best, go against a team that is emerging as one of the top defensive clubs in the South.

Their clash, one of three major Friday night games, ushers in a weekend that could be a tough one for the top teams. In addition to Miami, at least four other nationally ranked squads have their work cut out for them.

Those include Penn State (No. 4) at Rice, Georgia Tech (No. 5) vs. Louisiana State in the nationally televised game, Mississippi (No. 7) vs. Houston at Jackson, Miss., and Army (No. 10) at Michigan State, all on Saturday.

Miami figures for a struggle between its multiple T offense, built around the passing wizardry of George Mira, and Florida State's unscored upon defense. The Seminoles massacred the Citadel (49-0) and Furman (42-0) and played a solid Kentucky team to a scoreless tie in three outings this season.

Miami has a 2-0 mark and it moved into the top 10 on strength of last week's 21-20 edge over Texas Christian, which featured a contest between two candidates for All America honors at quarterback, Mira and the Horned Frogs' Sonny Gibbs.

Other major games tonight include New Mexico State at Detroit and Furman at George Washington.

The Mississippi-Houston game Saturday was shifted from racially troubled Oxford, Miss., to Jackson on Army orders to prevent further disorders as a result of Negro James Meredith's attendance at Ole Miss.

But there were no orders to prevent the trouble Ole Miss can expect from Houston, an unbeaten independent that's anxiously angling for a spot in the big time.

Penn State (2-0) also can expect some rough going from Houston's cross-town neighbor, Rice. The Owls have played only once, a 6-6 tie with tough Louisiana State.

Georgia Tech (2-0) catches a Tiger on the rebound in LSU (1-0-1), as the Baton Rouge boys try to regain a top spot.

Army (2-0) hopes the Paul Dietzel magic and the Cadets' new three-platoon offense will be sufficient to make up for the 38-8 humiliation they suffered at the hands of Michigan (0-1) last year.

10 include No. 1 Ohio State (1-0) at UCLA in the opener for the California power; second-ranked Alabama (2-0) vs. Vanderbilt, yet to score in losing two games, at Birmingham; Tulane (0-2) at third-ranked Texas (2-0); Southern California (2-0), No. 6 at Iowa (1-0) and eighth-ranked Washington (2-0) playing host to Kansas State, loser of two and still looking for its first score.

Bucks Face 'New Look'

By FRITZ HOWELL
COLUMBUS, Ohio (AP)—Ohio State's top-ranked Buckeyes are on the West Coast today, ready for Saturday's intersectional scrap with the "new look" Uclans of UCLA.

The Rose Bowl losers have shifted from the power-laden single wing to the deceptive wing-T offense since the Bucks beat them 13-3 here last year — and since this is their opener they offer a big question mark.

Coach Woody Hayes said, "All I know about 'em is what I've read in the papers," so the Bucks will be flying blind in the encounter. But the Ohioans—fresh from last Saturday's no-punt 41-7 rout of North Carolina—are favored to win.

The coast clash is just one of 21 featuring Ohio clubs Saturday. Three big ones are on in the Mid-American Conference. Ohio University, leading the circuit with two straight wins, steps outside the league to play host to a three-beaten Dayton team which could turn in an upset over the Bobcats.

Defending champion Bowling Green and highly-victorious Miami, with one loop victory each, get a chance to throw the circuit race into a three-way deadlock.

Bowling Green goes against Western Michigan while Miami takes on Kent State—and both the Broncos and Flashes have 1-2 records as underdogs.

Cleveland over Dallas—Browns

Pittsburgh, Browns Are Picks To Win

By JACK CLARY
Associated Press Sports Writer
NEW YORK (AP) — The balls and strikes of the World Series will in no way detract from the punts and passes as the professional football teams engage in another hectic weekend.

And if the coaches or fans aren't always surprised at the antics of the National and American Football League clubs, the fearless prognosticators are — particularly if they happen to be right.

It's been that kind of a year so far.

Here's a go at this week's schedule (last week NFL, 5 right, 2 wrong; AFL 1-2; season: 16-14-1):

NFL

Pittsburgh over Philadelphia—This one Saturday night will be a dilly, but Steelers strength and good running game and savvy of quarterback Bobby Layne too much for Philly.

Green Bay over Detroit—Packers' defense is match for big Lions line and ground offense is stronger with Jim Taylor and Co.

New York over St. Louis—Giants' defense has been penetrated at times this season, but never when it counted most, and Cards have been unable to come up with big plays.

Washington over Los Angeles—When was the last time anyone picked the 'Skins to win? But they have momentum, improved defense and Bobby Mitchell.

Cleveland over Dallas—Browns

won't be caught napping three running, not with Jimmy Brown and Tom Wilson set for ground game.

Baltimore over San Francisco—Quarterback Johnny Unitas has some running help from Mark Smolinski, Alex Hawkins and the oft-finished Joe Perry to go with his passing.

Minnesota over Chicago—This is the upset of the week, for the

Vikings will catch the Bears still battered and bleeding from their 49-0 loss to Green Bay.

'The Lip' Openly Criticizes Alston's Playoff Tactics

By CHARLES MAHER
Associated Press Sports Writer
LOS ANGELES (AP)—The Los Angeles Dodgers will probably take their time about announcing whether Manager Walter Alston has been re-hired or retired.

But one thing already seems apparent: If Alston is back next season, Coach Leo Durocher won't be. And vice versa.

Durocher is now openly criticizing the way Alston has run the club.

The night the Dodgers were beaten 6-4 by San Francisco in the final game of the National League playoffs, Durocher turned up at a restaurant on the Sunset Strip. Two men who were present said that Durocher was telling those around him that Alston botched the last playoff game and that "I could have won it."

At least a few Dodger players also have developed strong anti-Alston attitudes.

Later in the final playoff game, three Dodgers were listening to the play-by-play on radio in the dressing room. One hadn't played that day. The other two had been taken out of the game.

One of the players asked disgustedly: "Now what the hell is Alston doing walking (Ed) Bailey to get at (Jim) Davenport?"

The other two players nodded agreement.

The intentional walk to Bailey loaded the bases. Stan Williams walked the next man and forced in the run that broke a 4-4 tie.

After the first playoff game Alston announced Williams probably would take the next game. Don Drysdale, advised of Alston's choice, asked a reporter: "What the hell? Is he saving me for the first spring exhibition game?"

Alston, as many expected, scratched Williams the next day and started Drysdale instead.

Durocher might simplify the issue by taking the managerial job he apparently has been offered by the Cleveland Indians. The rumble here during the play-

offs was that the Indians wanted to give Leo \$80,000 or \$85,000 a year.

Rhodes Hit On Personal Income Data

COLUMBUS, Ohio (AP)—State Democratic Chairman William Coleman has threatened to ask for a federal investigation if the Republican gubernatorial candidate, James A. Rhodes, does not voluntarily disclose his personal financial records.

In a prepared statement, Coleman said that since early in the campaign Democratic Gov. Michael V. DiSalle has received reports from persons who claim that at least \$54,000 of funds collected for political purposes has been diverted to personal income.

The state chairman told newsmen the information came to light as the result of a 1958 audit of Rhodes' 1955-57 federal income tax returns.

"I am not making a charge of a violation of law," Coleman said Thursday, but he pointed to a 1952 ban to use of campaign funds for personal purposes unless declared as personal income.

"If Mr. Rhodes does not see fit to voluntarily reveal his personal financial records," Coleman said, "I think the matter is of sufficient importance that I shall ask for an investigation by the Special Senate Investigations Committee, . . . by the House Committee on Government Operations, . . . by the director of Internal Revenue . . . and by the Department of Justice."

"I categorically deny that I owe the government of the United States any money for returns on income received by me," Rhodes asserted. "All payments for income received have been made in strict accordance with the law."

The "\$54,000 question," one of more than 30 questions posed by DiSalle since the primary election, involves amounts of \$18,000 and \$36,000, Coleman said.

The state chairman said that at the time of the 1958 audit, Rhodes amended his 1954 income tax return to include \$18,000 from political contributions as personal income "without penalty or fine."

Coleman said the second transaction involved \$36,000 obtained from a Rhodes for Auditor Committee between 1955-57. He said notes for that amount "were exhibited during the 1958 audit."

The Democratic chairman did not elaborate but raised questions about disposition of the notes.

U.S. Action Due Tuesday

SPRINGFIELD, Mo. (AP)—The government must show by next Tuesday that it has proper reason to keep Edwin A. Walker, former Army major general, in custody without releasing him on bond.

U.S. Dist. Judge John W. Oliver issued the show cause order Thursday after Walker's attorneys filed a petition for a writ of habeas corpus.

Walker, charged with inciting insurrection and seditious conspiracy, was arrested Sunday night during the rioting at the University of Mississippi over the enrollment of a Negro, James H. Meredith.

Walker's bond was set at \$100,000 in his arraignment before a U.S. commissioner at Oxford, Miss. Then he was taken to the U.S. prison system's medical center in Springfield.

U.S. Dist. Judge Claude F. Clayton of northern Mississippi later ordered him held at the medical center to determine his mental competency.

Walker's sister-in-law has said the \$100,000 bail is available.

In their petition, Walker's attorneys said the ex-general was denied bail, was denied right to counsel, and was denied a hearing on the issue of his commitment.

James E. Finch of Louisville, Ky., who said he is regional director for the National Law Enforcement Committee, told Judge Oliver the committee would post the \$100,000 bond and wanted to intervene for Walker.

Sen. Goldwater Says Barnett Within His Rights

LOUISVILLE, Ky. (AP)—Sen. Barry Goldwater, R-Ariz., says he disagrees with the actions of Mississippi Gov. Ross Barnett but that he thinks Barnett was within his rights.

The conservative spokesman was peppered with questions Thursday by students at the University of Louisville, where he spoke earlier. They asked him his views on the Mississippi integration crisis and Barnett's role in blocking Negro James H. Meredith's admission to the University of Mississippi for a time.

"I am totally opposed to segregation of any sort," Goldwater said, "but I don't believe the Supreme Court finding (outlawing school segregation) is the supreme law of the land. I disagree with Governor Barnett and think what he has done is distasteful, but I think he has a constitutional right to do it."

Slayer Of 4 Found Dead

LOS ANGELES (AP)—When the first police officer reached the Cotner Hall Hotel he found three men and a woman dead or dying and a fifth man critically wounded.

Police broadcast an all-points bulletin for a man seen leaving the hotel earlier, and 50 officers sought a berserk killer.

They never found him. Here's why, detectives said:

He was dead.

The mystery was explained this way by police:

Sherman Sheridan Burch, 63, became enraged because of another tenant's blaring radio.

He ran into the room of Edward J. Clark, 65, and beat him with a pistol. Clark collapsed. He may have died of a heart attack.

Cal V. Britton, 60, another resident, ran in to see what was happening. He was fatally shot.

The hotel manager, Lucy Hanon, 54; ran up the stairs, was shot, and tumbled, dead, over the stair railing.

A passing man, Daniel B. Haro, 31, heard the shots, ran to investigate, and was shot and wounded. His condition is still serious.

A resident of the hotel, Gene Runolfson, ran to get police.

Then, said officers, Burch apparently shot himself and locked the pistol in a suitcase as he collapsed, dying, in his room.

When officers arrived and could not find a weapon they thought the killer was still on the loose.

Walrus At Aquarium Plays To Last Crowd

NEW YORK (AP)—Ookie the sprightly walrus, everybody's favorite at the Coney Island Aquarium, has played to her last audience.

Ookie died Thursday of an acute tusk infection. Since she was brought to the aquarium in 1959, Ookie fought off a number of respiratory infections and suffered with chronic sinusitis.

QUESTION: How do veins and arteries work?

ANSWER: Veins and arteries are tubes which make possible one of the most wonderful things about our bodies: the circulation of the blood. The diagram at upper left shows how these tubes really look but what they do. The big tube marked "artery" is bringing fresh, red, clean blood from the lungs. This is full of oxygen and food substances. The arteries divide and get smaller and smaller so they can go everywhere in the body. Finally they join the tiny "capillaries," tubes so small that the blood corpuscles have to go through in single file. Here, oxygen and food are squeezed out and waste products taken in. Blood corpuscles pick up the waste and become purplish in color. They follow through the veins and finally reach the heart, where they are sent into the lungs to have the waste removed and be charged with oxygen and food supplies again. Our large figure, looking like a glass man, shows the main system of veins and arteries. The capillaries are too tiny to show. It is said that if all the veins, arteries and capillaries in a single body were laid together end to end, they would reach for 100,000 miles.

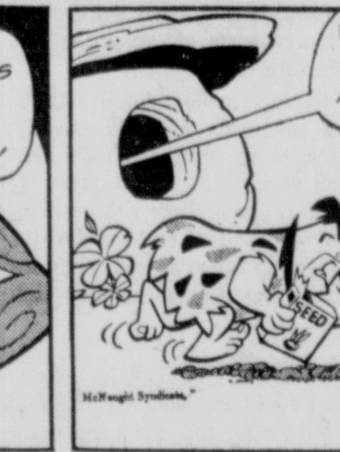

FOR YOU TO DO: Press your fingertips on your wrist at the base of your left thumb. Do you feel the thump, thump? These are the beats of the wonderful force pump which is your heart. It is keeping that life-giving blood on the move.
